Register Online Today!   https://dv-summer-camp.eventbrite.com

Art Studio

Hands-on art projects featuring chalk, colored pencils, paint, moldable and crafting materials. Weekly Exhibitions of student work held on Fridays from 11:30-12:00.

Board Games

We will introduce new players to the world of board games and experienced players to new games. Board games are a great way for kids to connect with each other and learn strategy. Bring your favorite!

Coding & Game Design

Campers will learn the basics of coding & game design through engaging, hands-on activities using various coding programs such as HTML, Scratch, and Twine.

Graphic Design

Campers will develop their graphic design skills while learning the basics of professional design tools such as Adobe Photoshop and Adobe Illustrator.

Robotics

Campers will use creativity and problem-solving skills as they learn the basics of robotics and circuitry.

Speech & Debate

Campers will work in teams to learn and practice public speaking skills, form opinions from multiple viewpoints, and craft effective arguments. Each session will culminate in a debate showcase.
