Dr. Brann recommended Karen Latuner, a former Da Vinci parent whose two children graduated from Da Vinci Schools for the position.

Mr. Bañuelos also recommended Ms. Latuner, who he says has a good understanding of the relationship between Wiseburn and Da Vinci Schools.

Mr. Mora concurred that all three candidates were excellent, and that he'd like to find a way to keep the remaining two candidates engaged in Da Vinci Schools.

K. Brown made a motion to forward the nomination of Karen Latuner to the Wiseburn Board for confirmation.

R. Bañuelos seconded the motion.
The board **VOTED** unanimously to approve the motion.

III. Information

A. Civil Engineering Presentation: RISE High Counseling Center Project

Da Vinci Science Civil Engineering and PreCalculus teacher Mr. Andrew McGregor, students Anthony Mazzotta, Annette Nguyen, and RISE High Science teacher Meika Nwaomah gave a presentation on the Tiny House 2.0 project by DVS Civil Engineering Pathway students for RISE High's counseling center.

The Civil Engineering students talked to RISE High students and staff to determine their needs.

They partnered with APCH employee and studio engineer Joaquin Pacheco, aka "Scetch," and architects Brent and Christina Freeby.

Students participated in field trips to DTLA to learn about design principles, and held a design charrette with the partners to explore ideas.

Meika Nwaomah is not only the Science teacher at RISE High, but the new Real World Learning Coordinator. RISE High students from both Hawthorne and APCH sites participated in the design and construction work, which had a huge impact on them and their ambitions.

Mr. Brown asked about available resources and partners.

Mr. McGregor commented that the Northrop grant led to the partnership with Brent Freeby, an architecture professor at Cal Poly San Luis Obispo.

B. Meath arrived late.

B. Da Vinci Connect 9-12 Program

B. Meath arrived late.

Dr. Wunder, Dr. Hawn, and Ms. Rainey gave a presentation on the Connect 9-12 process.

9/18 - First draft and redline Da Vinci Connect charter petition sent to legal counsel, and discussion with the Board.

9/26 and 10/9 - Update and discuss with Wiseburn Board.

10/16 - Da Vinci School Board approval

10/17 - Submit approved petition to Wiseburn Board.

10/24 - Update and discuss with Wiseburn Board.

11/14 - Wiseburn Board approval

11/15 - Submit revised charter petition to the State.

The goal is to avoid any possible issue with the anticipated change in the laws inhibiting the creation of new independent study schools effective January 1, 2020.

Ms. Rainey shared that she had looked at students who exited Da Vinci Schools since 2009, and a significant number left for independent study schools. She also hears from families in the Da Vinci Schools who are interested in independent study, and more and more, this is becoming the way that families want to educate their children.

Ms. Morgan commented that moving DVX into the Connect charter would benefit the graduation rates of Da Vinci Communications, Design, and Science. Ms. Rainey added that DVX would also benefit from the stronger enrollment flow from Connect.

C. From the Board

Dr. Brann enjoyed the joint board meeting on Saturday, September 14.
Mr. Meath expressed appreciation for the quarterly reports given at the joint meeting.
Mr. Brown spoke of his interest in the security and facilities reports and their outcomes, and appreciated the opportunity to gain information and share common goals with the Wiseburn board.
Mr. Bañuelos thanked the staff on both sides for the information at the joint board meeting, and wants to keep that level of dialogue going. He also spoke of the DVS Back to School Night, and thanked Mr. Wallis and his staff for a great event.
No comments from Ms. Morgan and Mr. Mora.

D. From the CEO

None.

E. Facilities Update

Mr. Bravo gave a facilities update.

Mr. Bravo spoke of the KYA Group proposal regarding construction on the Del Aire campus. A walkthrough with the KYA representative looked at flooring, ceiling tiles, doors, windows, walkway covers, gutters, parking lot cleaning and re-striping, fencing to determine the extent of the work needed.

Demolition will be done by the Da Vinci team.

Extraneous furniture was donated to several school districts.

Discussion on the proposal, scope of work, and timeline ensued.

Mr. Mayotte commented that the costs will be paid out of the fundraised dollars in the Da Vinci Schools Fund, RISE funds, and reserves.

Dr. Wunder reminded Mr. Bravo that the lights in the parking lot should not impact the neighbors.

Moving the RISE High site requires a material revision of the charter with LACOE.

Connect's high school and DVX will be held on a non-Wiseburn property.

Dr. Wunder appreciated the well-organized Facilities Master Planning meeting held by Dr. Silvers the night before.

F. Financial Update

Mr. Mayotte spoke of a \$1 to 1.5MM loan he is discussing with Banc of California to help with cash flow while the Del Aire site is being prepared.

2018-19 financial performance

Budgeted net income was expected to be negative \$2K. The CFO estimated net income to be between \$300 and \$500K. In reality, net income was \$610K, due to grants, a 2017-18 allocation that was received in 2018-19, and lower expenses.

Brief discussion on spending ensued.

In 2018-19, enrollment grew, personnel costs were better managed, supplies spending decreased from 6.1% to 4.7% without student equipment (the state average is 5.6% overall). The Concur system has provided much-needed transparency.

ADA is trending slightly worse than the budget, but these are early estimates.

Long-term linear trends as a percentage of LCFF were discussed. Costs for 2018-19 (including all personnel costs and outside services) stand at 101.3% of LCFF revenue. 104% is the break-even point for Da Vinci Schools. The high school state average is 111.7%, because charter schools do not have as many revenue streams as school districts.

The long-term goal is to reduce the growth of non-certificated staff; bring the utilization of instructional aides/academic coaches to pre-2017 percentage levels; invest in systems and training to increase support staff's efficiency; reduce overall staff turnover.

Discussion about personnel experience and consultant costs for Special Education ensued. Dr. Ring suggested a deeper dive in a future meeting.

30% of costs (for the entire budget) are shared among the schools. If any of the schools grow, costs are reduced over the other sites.

2018-19 was a significant improvement over 2017-18, when considering there was no workforce reduction.

ADA is better than projected at 3 of the 5 schools.
