

School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

| School Name | County-District-School (CDS) Code | Schoolsite Council (SSC) Approval Date | Local Board Approval Date |
|------------------|-----------------------------------|--|---------------------------|
| Da Vinci Connect | 19768690128728 | 9/9/2020 | 9/30/2020 |

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

The Da Vinci Connect (Connect) 2019-20 LCAP and 2020-21 Learning Continuity and Attendance Plan (LCP) provide a pathway to support all students with a focus on our unduplicated pupil population (UPP). We use federal funds to supplement and enhance actions and services funded with state funds that are Connected to close the achievement gap and support all students in meeting challenging state academic standards, as reflected in our LCAP. The Connect LCAP and School Plan for Student Achievement (SPSA) are arranged by three overarching areas of influence established by the LCAP committee and approved by the Governing Board:

1. Ensure pupil outcomes that show continued academic growth in English Language Arts and Math for English Learners, socioeconomically disadvantaged students, homeless and students in foster care at levels commensurate with the overall student population;
2. Ensuring high quality distance learning including access to credentialed teachers and resources to support access and engagement of all students, with targeted assistance supports provided to English Learners, socioeconomically disadvantaged students, homeless and students in foster care;
3. Ensuring student academic and social-emotional support for an inclusive environment in which all students feel connected to the Da Vinci Connect community.

Federal Title dollars work in conjunction with state supplemental dollars to enhance the supplemental actions which are organized as a Multi-Tiered System of Support (MTSS) to provide strategic and intensive interventions in support of the needs of underperforming student groups (such as Low Socioeconomic Disadvantaged, English Learner, and Foster/Homeless). Student needs are identified using state and local standardized assessments using a multiple measures philosophy; then, students are linked with a variety of supports based on those needs. Key LCAP and LCP actions to support these areas are: maintain full-time counselors support at all students (Goals 1 & 3), increase parent outreach and education and engagement (Goal 3), provide students with a college and career readiness through advisory period (Goal 3), increase the number of academic coaches providing support in core courses, Mathematics, and Language Arts (Goals 1,2,3), increase teacher collaboration supports in Connecting instruction for targeted students (Goal

1), and targeted support services to address high need students through credit recovery, tutoring, intervention, and summer school (Goals 1, 2). The SPSA, LCAP, and LCP are intended to be a living and working document. The federal dollars are reviewed with the school's School Site Council and other stakeholder committees each year along with feedback shared through each school site's annual needs assessment and school-wide family surveys. The Connect reports to the school board regarding the Consolidated Application for federal funds each school year. The purpose of this plan is to provide a description of use of federal funds to support eligible students through the Da Vinci Connect Targeted Assistance Title I funding program.

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Da Vinci Connect aligned its Local Control Accountability Plan for 2019-20 (3-Year Plan) to the ESSA requirements for Federal funds, including the following ESSA areas for Title I Targeted Assistance funding programs:

Da Vinci Connect provides Title I services to Title 1 students. These services include targeted independent study (homeschool/asynchronous) and at-school curriculum, tutoring by teachers when needed, a rigorous student success team process that works directly with parents to identify needs and services and remedial instruction when needed. Title I funding will be utilized to ensure all students successfully transition from their previous schools (whether traditional schools or homeschooling) to Connect and also from Connect to high school following their middle school experience. This includes workshops for parents and students, tours to the Da Vinci high schools and informational sessions to help parents and students understand the middle and high school experience and expectations.

Da Vinci Connect (Connect) offers a seamless implementation of the California State Standards, with appropriate instructional strategies, materials, and assessments. This includes a focus on student ownership of learning, student explanation of their meta-cognitive thought processes, student presentations of learning and the real-world application of learning, and student college and career exploration. Many techniques, strategies, effective student practices, modifications, and accommodations, as well as other interventions, are utilized to evaluate all students in the area of math and English proficiency. In all that Connect does to increase student achievement, the learning needs of each individual student are always taken into consideration. Low-income pupils, English Learners, Foster Youth and RFEP students are the most likely to be in need of intervention services which require consistent tracking of performance outcomes. Connect has prioritized the need to maintain a comprehensive and consistent system for disaggregating and accessing student data allowing for in-depth analysis of low income, English Learner, Foster Youth and Re-Connected Fluent English Proficient student performance across the school. Data systems are necessary to identify and support individual student needs for unduplicated pupils. These data allow teachers, administrators and counselors to group and track progress for these students and to engage with parents and parent groups regarding the progress of unduplicated count students. Data is accessible online at the student, teacher, site, and district levels. Our ongoing observations and experience suggest that the following actions contribute to increasing parent engagement for the families of unduplicated pupils: Sustain diagnostics and data systems (Goal 2); Sustain Counselors to work with teachers and administrators on student information system, online assessments, to maintain an integrated system for data analysis (Goal 2 and 3). Our ongoing observations and experience using individual student data is effective in informing focused instructional supports addressing the needs of unduplicated pupils and engaging parents in supporting the specific needs of their low income, English learners, and Foster Youth.

The progress that a sampling of Da Vinci Connect stakeholders are most proud of is also a topic that is talked very little about: standardized test results. As a project-based learning school, we value and implement the Common Core ELA and Math Standards as well as the Next Generation Science standards. We believe that standardized tests are one of many measures that indicate student learning and school success. We do not use grades to determine student mastery of content and we only sporadically give tests (state test, reading assessments and MAP tests twice annually). We believe that by monitoring student learning through informal assessments, providing timely comment-based feedback, looping instruction and implementing engaging, real-life learning scenarios (from math problems to projects with "real world" outcomes), students can and will achieve. This is measured by student success at delivering Presentations of Learning, Exhibition content to visitors reflecting project knowledge and Student Led Conference reviews of student learning with families and teachers, among other measures.

Year after year, when analyzing our state test scores, we are affirmed that even though we do not test often, we do not practice for the standardized tests and we do not stop instruction to review test content, our students perform well on the SBAC/CAASPP state testing. This data is important to us because it tells us that students do not need to test or practice for tests in order to achieve. They just need to receive rich, engaging instruction. We found that in 2018-19, our students outperformed the state average in English Language Arts and Mathematics. Statewide, 51% of students demonstrated ELA proficiency and 39% in Mathematics. In contrast, 76.32% DV Connect students performed at or above proficiency in ELA/Mathematics combined, which was an increase from 72% in 2017-2018. These data results affirm the DV Connect model and supports in place are working for students and families. There are no 2019-2020 test scores due to COVID-19.

Performance gaps considered using the "Student Group Report" below, state indicators that reflected a performance gap for 2017-2018 that included our suspension rate for all students, including those with disabilities, African American students and those of two or more races. Additionally, chronic absenteeism for students with disabilities and those with two or more races are indicated in the orange levels. We have analyzed both of these areas of growth and in particular, we have included additional ways to address student discipline as alternatives to suspension and we have increased supports for all students demonstrating chronic absenteeism. The result of this work is reflected in 2018-19 suspension rates of 0%, showing improvement from the prior year. In an independent study program, sometimes absenteeism isn't known for a period of time if students are not attending on-campus learning regularly. This year, teachers have been given additional capacity to monitor and address concerns as we eliminated the enrichment program that was reducing their capacity. Ultimately, our attendance rate is 98% so the number reflected is quite small but does stand out as being in the orange range and thus something we are addressing. It is also worth noting that all other aspects of the report are satisfactory including academic performance in English Language Arts and Mathematics.

Da Vinci Connect provides a high-quality, standards-based professional development program for classroom teachers, principals, school leaders, administrators, and other school personnel. Over 3 years, 100% of Connect teachers will participate in professional development on common core standards and NGSS. Teachers will participate in professional development activities both on and off site provided during the school year on career technical education and project based learning. Staff meetings at all sites contain a component of professional development that reinforces the district's annual PD plan. Regarding Educator Equity (ESSA SECTION 1112(b)(2), before, during and at the end Da Vinci Connect noted a disparity between the general population of students and socioeconomically disadvantaged students in English Language Arts state test scores in 2017-2018

(most recent results) and thus increased curriculum and supports for students during the 2018-2019 school year. All students are taught by effective, experienced and highly qualified teachers.

Additionally, a Parent Educator Support Specialist teacher is on staff to ensure parents receive support when they are unable (or challenged) to support their students during homeschool learning. We use Multi-Tier Systems of Support and a Student Success Team process. The district has established policies and procedures in hiring practices that require all teachers be fully credentialed and working in their area of authorization.

Throughout the school year, the effectiveness of our instructional strategies is measured through student results on state benchmark assessments, including SBAC and EAP ELA and EAP Mathematics, and local assessments, including Presentations of Learning . The Connect teams regularly review these data and determine our high priority needs for professional development to address our student outcomes. Based on these supplemental needs, Title I funding is utilized for increased English Language aide support. Instructional strategies for English Learners are reinforced throughout the year through continual PD and coaching. This process helps to ensure a positive and lasting impact on the teachers' performance in the classroom, and thus academic growth for our EL students. Da Vinci Connect provides all schools with student scores for the ELPAC and SBAC. These results are broken down with our data analysis system and disseminated both to administration and teaching staff. Connect has predefined goals and resources are provided to support Connect in reaching these goals. Connect has EL goals defined in their LEA/School Plan for Student Achievement. The LEA/School Site Plan defines actions planned by the site/staff to support EL students in gaining access to curriculum and meeting State academic standards including an EL Coordinator and EL supports in academic seminars.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Da Vinci Connect has engaged in meaningful consultation with parents through our School Site Council (SSC), which will examine the Local Control Accountability Plan (LCAP) and Learning Continuity and Attendance Plan (LCP). The SSC develops a needs assessment for their school that drives the development of Connect LEA/School Plans for Student Achievement (SPSA) in consultation with our site English Language Advisory Committees. These plans describe the methods and instructional strategies that strengthen each school's academic program, review intervention supports, and address the needs of all children to ultimately develop the budget for the site's Title I funding. Every year the Connect LEA/SPSA is evaluated by its respective site, and a new plan is developed and approved by the Board of Trustees. Through the LEA/SPSA, SSCs develop and implement effective parent and family engagement strategies and programs focused on access to instruction (math, English-Language Arts, science), safety, and technology.

SSC/LCAP/LCP Committees work to ensure Connect is providing appropriate supports to students and a thoughtful and relevant parent engagement program. A portion of Connect Title I funds are used to assist with coordination and facilitation of activities related to these areas of focus. The board policies and administrative regulations ensure parent and family engagement is taking place at the school.

There is an abundance of research supporting parent involvement in relation to positive student outcomes and, specifically, how such involvement acts as a predictor of early adolescents' school bonding and academic achievement. More specifically, several studies examine the ways in which immigrant parents' school involvement has been defined and implemented by schools, barriers to immigrant parents' involvement in schools, and the implications for the development and implementation of practices which promote immigrant parents' involvement in schools (Hajisoteriou, Christina, and Panayiotis Angelides. "Promoting immigrant parental involvement in culturally-diverse schools through a multiple perspectives approach." *International Journal of Pedagogies and Learning* 11.2 (2016): 145-162.). Based on research and input from school surveys, Da Vinci Schools and Connect have a growing need to development successful systems to increase low income and immigrant parent involvement at school/district events and as a part of stakeholder committee work via staff outreach in Spanish or other languages spoken by parents of English Learners. Our ongoing observations indicate that outreach efforts are effective in increasing engagement of parents of students who are low-income, English learners, and/or foster youth (Goal 3).

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Da Vinci Connect administration continues to monitor students whose families may be challenged by the COVID-19 pandemic along with pre-pandemic challenges related to access and resources. Da Vinci Connect provides students with laptops and other technology to support distance learning and to ensure engagement. Meal service is also assured for all students, with additional outreach provided to English Learner, Foster Youth, Homeless and Low-Income students and families. Meal service during distance learning includes breakfast and lunch as a “grab and go” from three sites in order to reach all students. We are serving from RISE-Hawthorne for the Wiseburn neighborhood student, also serving from Connectconnect to service the Del Air neighborhood students and from New Earth. Meal pick up at all sites is from 11:30 to 1:30 pm Monday through Friday. Students are welcome to pick up meals from any site. We are not serving at the 201 N. Douglas campus. Students are expected to be present to pick up meals. However, a parent/guardian may pick up the meals if the student is unavailable. Person picking up must bring either a student ID card or student ID number. Masks are required, students and staff must keep 6 feet of physical distancing at all times. If a student is sick, a family member may come to collect the meal(s).

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Basic Services, Student Engagement, Academic Standards, Access to Courses, Parent Involvement, Student Achievement

LEA/LCAP Goal

DV CONNECT STUDENTS WILL BE PROVIDED WITH ACCESS TO THE FACILITIES, TEACHERS AND MATERIALS NECESSARY FOR LEARNING

Goal 1

English Learner, Foster Youth, Homeless and Low-Income students will achieve at comparable rates to other groups.

Identified Need

English Learner, Foster Youth, Homeless and Low-Income need targeted, additional supports to ensure comparable achievement to other groups.

Annual Measurable Outcomes

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|--|---|--|
| Grade level proficiency score in reading using NWEA MAP assessment | English Learners, Homeless and Low-income students MAP reading score growth at 3% | 5% increase in grade level reading score |
| Redesignation of EL Students using the ELPAC assessment. | 2019-20 rate of redesignation was 9% (1 of 11 students; only 2 tested because of COVID) | ELL Students will be redesignated at a rate of 20% |

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

Students to be Served by this Strategy/Activity: English Learner, Foster Youth, Homeless, and Low Income

Strategy/Activity

Da Vinci Connect has established communication plans that support English Learner, Foster Youth, Homeless and Low Income students through a variety of communication modes and languages. Da Vinci Connect utilized newsletters, emails and phone calls to reach families. Administrative and student support teams have identified students/families who need additional communication outreach based on lack of student participation in online classes. Parents were updated each week on the instructional program, available resources and opportunities to connect with staff for support or community-building. Da Vinci Connect developed orientation videos for all stakeholders and sent them out through their communication channels. Additional supports for students come in the form of classroom teachers, parent educator support specialist (K-8), academic counselor (9-12) and parent outreach related to safety and health services by the school

nurse. This model is principally directed toward targeted unduplicated count students and provides additional adults who know students and can support when needed. Staff have one day per week (Wednesdays) to collaborate to support students and all teachers offer Office Hours in order to be available to support students and parents.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

| Amount(s) | Source(s) |
|-----------|---|
| 2,944 | Title I 2000-2999: Classified Personnel Salaries partial salary towards translation services |
| 3,926 | Title I 1000-1999: Certificated Personnel Salaries partial cost parent education support specialist |

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

Students to be Served by this Strategy/Activity: English Learner, Foster Youth, Homeless, and Low Income

Strategy/Activity

Da Vinci Connect has also leveraged existing resources and infrastructure for specific benefit to English Learners, Foster Youth and Socioeconomically disadvantaged students. Da Vinci Connect continues to use its website, blog and web portals (Google Classroom and PowerSchool). Da Vinci Connect created specific grade level “trackers” for each grade level so that students (and parents) could easily identify due dates and resources. Da Vinci Connect teachers already had access to ThinkPad laptops and other hardware. Google Suite and PowerSchool are in place to house vital information and track attendance and grades (HS only) for all students and families. In addition, support staff will provide targeted assistance in a variety of ways, including intervention curriculum, assessing students, meeting with students and parents regarding academics, advisory/“homeroom” support, attendance accountability, social emotional learning and discipline supports, leading Student Support Team meetings, following up on student success plans, general supports for a homeschool hybrid learning program and health needs utilizing school nurse.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

| Amount(s) | Source(s) |
|-----------|--|
| 2,286 | Title I 4000-4999: Books And Supplies intervention curriculum |
| 1,347 | Title I 2000-2999: Classified Personnel Salaries extra hours for school nurse increased duties |

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Student Engagement, School Climate, Parent Involvement, Access to Courses, Student Achievement

LEA/LCAP Goal

DV Connect students will be provided with the services necessary to support their learning, growth and successful transition to high school (K-8), College (HS) and Career (DVX).

Goal 2

Da Vinci Connect will deliver High-Quality Distance Learning Instruction to ensure academic progress for all students.

Identified Need

Throughout the last six months of distance learning implementation, Da Vinci Connect has learned from students and families what students need to access and succeed in distance learning instruction, which has augmented the homeschool hybrid model of instruction.

Annual Measurable Outcomes

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|--|--|--|
| MTSS "Targeted" Student Intervention | 102 students identified as needing "Targeted" support in 2019-2020 school year. None received academic coach support (new position developed for 2020-2021). | 89% of students identified as needing "Targeted Intervention" on Connect's Multi-Tier Systems of Support will receive intervention support from academic coach, Parent Educator Resource Specialist or other designated staff. |
| Attendance trend monitoring in PowerSchool and Schoolzilla | 11.5% Chronic Absenteeism Rate in June 2020 | Decrease the number of chronically absent students to <8% at the end of the 20-21 school year. |

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students, with targeted assistance provided to Title I qualifying students

Strategy/Activity

Academic offerings transitioned to 100% asynchronous and synchronous modes of instruction, including daily live instruction on students' "at school days," scheduled into blocks of time for students to work with their teachers, counselors and peers. At Da Vinci Connect, specific practices, such as parent education programs are maintained, as well as time for individual/small group/parent support via office hours offered by every teacher, student community time (K-8), advisory (high school) and academic coaches designated to support "Targeted" intervention needs and student preparation for college and career. In order to ensure high quality instruction, teachers will engage in over 20 professional development days to develop instructional activities that reflect best practices in remote instruction, including a focus on 1. Providing rigor and joy in academic instruction with a focus on project-based learning, 2. Ensuring equity and access for all students, including supports for English Learners, Special Education, Foster Youth and FRLP students, 3. Maintaining social-emotional learning and community and 4. Ensuring a learning environment that champions diversity, equity, and inclusion, including best practices for anti-racism instruction. Best practices were developed through state and county-identified best practice resources including CCEE COVID-19 Distance Learning Technical Assistance Resources <https://ccee-ca.org/distance-learning.asp> and the CDE Resources That Support Distance Learning, <https://www.cde.ca.gov/ls/he/hn/appendix1.asp>, both of which provide toolkits for the priority areas above. Additional resources will be provided in the areas of diversity, equity inclusion and antiracism through UCLA's Center X

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

| 3,926 | Title I 1000-1999: Certificated Personnel Salaries partial salary advisory teachers |
| 6,252 | Title II Part A: Improving Teacher Quality 5800: Professional/Consulting Services And Operating Expenditures professional development anti-racism |
| 5,888 | Title I 2000-2999: Classified Personnel Salaries 2 academic coach salaries |

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students, with targeted assistance provided to Title I qualifying students

Strategy/Activity

Additional supports for student and families include outreach via various events, including: “Social Time” and “Lunchtime” gatherings for students to get together socially, “Fireside Chats with Administration” for parents to connect with the Principal and Assistant Principal, evening “Conversations About Race” for parents/guardians and staff, a variety of upcoming student and family events coordinated by Connect’s Activities Coordinator, “Counselor meetings” for social-emotional learning (“Wellness Wednesdays” and academic progress at the high school level) and workshops and 1-on-1 support for parents through the Parent Center. In particular, ensuring social-emotional learning for our students has been prioritized, including the use of non-profit and county resources such as Inner Explorer and Headspace (<https://innerexplorer.org/>; <https://www.headspace.com/lacounty> for mindfulness and Da Vinci Schools Families Connected (<https://www.southbayfamiliesconnected.org/davinci>)

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

| Amount(s) | Source(s) |
|-----------|-----------|
|-----------|-----------|

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Student Engagement, School Climate, Student Achievement, Other Student Outcomes

LEA/LCAP Goal

DV Connect students will benefit from a school culture that is safe and supportive of their learning

Goal 3

Da Vinci Connect will provide academic and social-emotional support within a student-centered, inclusive and caring school culture

Identified Need

Based on student and family input on surveys and in meetings, Da Vinci Connect students need additional supports to ensure a sense of connection to the Da Vinci Connect school community. Da Vinci Connect sees itself as a family, and supporting students to be part of this inclusive culture is an ongoing need.

Annual Measurable Outcomes

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|---|--|--|
| Local Climate Survey Data | Per the 2018-19 School Survey Data, 96.6% of students and 93.6% of parents indicated that Da Vinci Connect creates an environment of high integrity, respect, and trust. | Maintain School Culture satisfaction survey responses in all areas to 90% or above for parents and students. |
| Suspension Rate on California Dashboard | Suspension rate for the 2019-2020 school year is .4% | Suspension rate of less than 2% by the end of the 20-21 school year. |

Complete a copy of the Strategy/Activity table for each of the school’s strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students, with targeted assistance provided to Title I qualifying students

Strategy/Activity

Engaging families in the development and implementation of extra-curricular activities and providing the funding for these activities is a way to engage students in the inclusive climate of Da Vinci Connect. Da Vinci Connect will engage students and families through the Activities Coordinator role and that individual will serve as liaison between students/families and staff to develop and implement engagement events. The school will also provide art classes for K-8 students and college and career guidance for high school students. First generation college-going students benefit from attending virtual college camps/orientations that increase their connections to peers and staff and develop a connection to the school’s culture of high achievement and college readiness.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

| Amount(s) | Source(s) |
|-----------|--|
| 3,926 | Title I 1000-1999: Certificated Personnel Salaries partial salary 2 counselors |

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students, with targeted assistance provided to Title I qualifying students

Strategy/Activity

Providing a low student to counselor ratio on campus to increase overall student support, whether for academics, socio-emotional issues, or college support for low-income pupils, English learners, foster youth, and redesignated fluent English proficient pupils increasing students’ sense of connection in the Da Vinci Connect community. Counselors utilize a variety of resources, including the CASEL toolkit for support of students and families, along with staff professional development: https://schoolguide.casel.org/uploads/2018/12/CASEL_SEL-3-Signature-Practices-Playbook-V3.pdf, along with resources from the California Collaborative for Educational Excellence (CCEE) focused on trauma-informed instruction: <https://k12playbook.ccee-ca.org/distance-learning/dl-details/#SEL>. Additional counseling support provided as a targeted assistance funding measure for qualifying Title I students.

Finally, an additional focus area for Da Vinci Schools is diversity, equity and inclusion, and resources and professional development from UCLA Center X, along with other resources such as Culturally Responsive Teaching and Learning and Teaching Tolerance.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

| Amount(s) | Source(s) |

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- School Principal
- Classroom Teachers

| Name of Members | Role |
|-----------------|------|
|-----------------|------|

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

| Signature | Committee or Advisory Group Name |
|---|----------------------------------|
| The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan. | |

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on .

Attested:

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

[Stakeholder Involvement](#)

[Goals, Strategies, & Proposed Expenditures](#)

[Planned Strategies/Activities](#)

[Annual Review and Update](#)

[Budget Summary](#)

[Appendix A: Plan Requirements for Title I Schoolwide Programs](#)

[Appendix B: Plan Requirements for Schools to Meet Federal School Improvement Planning Requirements](#)

[Appendix C: Select State and Federal Programs](#)

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: S Title 34 of the Code of Federal Regulations (34 CFR), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. EC sections 6400 et. seq.

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceusesinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceusesinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
