Avoiding Absences, Written Excuses

Evitando Ausencias, Excusas Escritas

Da Vinci Schools urges parents to make sure their children attend school regularly and to schedule medical, dental, counseling and other appointments after school, on the weekend if possible or during school holidays. Da Vinci Schools also asks that travel or other absences be avoided during the time that school is in session.

The higher Da Vinci Schools' daily attendance rate, the more a student will learn and the greater the amount of funding that Da Vinci Schools will receive from the state for classroom instruction and academic programs. The school calendar is designed to minimize problems for families which plan vacations around traditional holiday periods, and thereby minimize student absences.

Following an absence, a student is required to bring a written excuse from home when returning to school. Illnesses, and doctor and dental appointments are considered excused absences. Absences without a written excuse are recorded as unexcused.

Da Vinci Schools Escolar insta a los padres a asegurarse de que sus hijos asistan a la escuela con regularidad y programar citas médicas, dentales, de consejería y otras citas después de la escuela, los fines de semana si es posible o durante las vacaciones escolares. El distrito también pide que se eviten viajes u otras ausencias durante el tiempo que la escuela está en sesión.

La más alta el porcentaje de la asistencia diaria del distrito, lo más aprenderá un estudiante y el distrito escolar recibirá más fondos del estado para la enseñanza en el salón y programas académicos. El calendario escolar está concebido para reducir problemas para familias que planean viajes alrededor de vacaciones tradicionales, y de ese modo reducir las ausencias de los estudiantes. Siguiendo una ausencia, un estudiante está requerido traer una excusa escrita de la casa cuando regrese a la escuela. Enfermedades, y citas médicas y con el dentista se consideran ausencias justificadas. Las ausencias sin una excusa escrita serán documentadas como ausencias sin justificación.

Tardiness: EC 48260 (a)

Tardanza: CE 48260 (a)

Children should be encouraged to be prompt as part of developing good habits. They are expected to be at school on time. If a child is late, the child should bring an excuse from home to the school office. A student will be classified as truant if they are tardy or absent for more than a 30-minute period during the school day without a valid excuse on three occasions in one school year.

Los niños/as deben ser alentados a ser puntuales como parte del desarrollo de buenos hábitos. Se espera que lleguen a la escuela a tiempo. Si un niño/a llega tarde, el niño/a debe traer una escrita de su hogar a la oficina escolar. Un estudiante será clasificado como ausente si llega tarde o está ausente por más de un periodo de 30-minutos durante el día escolar sin una excusa valida en tres ocasiones en un año escolar.

Truancy Definitions – EC 48260, 48262 and 48263.6:***Definición de un Estudiante que Falta a la Escuela sin Justificación – CE 48260, 48262 y 48363.6:***

A student is considered truant after three absences or three tardies of more than 30 minutes each time or any combination thereof and the absences or tardies are unexcused. After a student has been reported as a truant three or more times in a school year and the district has made a conscientious effort to meet with the family, the student is considered a habitual truant. A student who is absent from school without a valid excuse for 10% or more of the schooldays in one school year, from the date of enrollment to the current date, is considered a chronic truant. Unexcused absences are all absences that do not fall within EC 48205.

Se considera que un estudiante ha faltado a la escuela sin justificación (conocido en inglés como “truant”) después de tres ausencias o tres tardanzas por más de 30 minutos cada vez o cualquier combinación de los mismos y las ausencias o tardanzas no son justificadas. Después de que un estudiante ha sido reportado como “truant” tres o más veces en un año escolar y el distrito ha hecho un esfuerzo consciente para reunirse con la familia, el estudiante se considera un “truant” habitual. Un estudiante que está ausente de la escuela sin justificación válida por 10% o más de los días de un año escolar, desde la fecha de inscripción a la fecha actual, se considera un “truant” crónico. Ausencias sin justificación son ausencias que no caen dentro del CE 48205.

Arrest of Truants/School Attendance Review Boards: EC 48263 and 48264***Detención de “Truants” /Consejo de Revisión de Asistencia Escolar: CE 48263 y 48264***

The school attendance supervisor, administrator or designee, a peace officer, or probation officer may arrest or assume temporary custody during school hours, of any minor who is found away from his/her home and who is absent from school without valid excuse within the county, city or school district. A student who is a habitual truant may be referred to a School Attendance and Review Board (SARB).

El supervisor de asistencia escolar, administrador o designado escolar, un oficial de paz o un oficial de libertad condicional puede detener o asumir la custodia temporal durante el horario escolar de cualquier menor de edad que se encuentra fuera de su casa y que está ausente de la escuela sin justificación válida dentro del condado, ciudad o distrito escolar. Un estudiante que es un “truant” habitual podrá ser referido al Consejo de Revisión de Asistencia Escolar (conocido en inglés como “Student Attendance Review Board - SARB”)

Truant Consequences – EC 48263, 48267, 48268, and 48269; WIC 236, 601, 601.3, 653.5, 654, and 651.5***Consecuencias de absentismo escolar– CE 60901 48263, 48267, 48268, and 48269; WIC 236, 601, 601.3, 653.5, 654, and 651.5***

Any student who is identified as “Truant” may be assigned as a ward of the court, if the available community resources do not resolve the students’ continued problem of truancy, by a Probation Officer or Deputy District Attorney.

Cualquier estudiante que sea identificado como “ausente sin permiso” puede ser asignado como tutela judicial/tutela de los tribunales, si los recursos comunitarios disponibles no resuelven problema continuo de absentismo escolar, por un agente de libertad condicional o un asistente del fiscal del distrito.

Chronic Absenteeism – EC 60901

Ausentismo Crónico – CE 60901

A student is considered a chronic absentee when he/she is absent on 10% or more of the school days in one school year, from the date of enrollment to the current date. Chronic absenteeism includes all absences – excused and unexcused – and is an important measure because excessive absences negatively impact academic achievement and student engagement.

A un estudiante se le considera como un ausente crónico cuando él/ella está ausente el 10% o más de los días escolares en un año escolar, desde la fecha de matriculación a la fecha actual. El ausentismo crónico incluye todas las ausencias – con excusa o sin excusa – y es una medida importante porque las ausencias excesivas afectan negativamente el rendimiento y compromiso académico del estudiante.

California Healthy Youth Act – EC 51930-51939

Ley de Juventud Sana de California – CE 51930-51939

The California Healthy Youth Act requires school districts to provide pupils with integrated, comprehensive, accurate, and unbiased sexual health and HIV prevention education at least once in middle school and once in high school. It is intended to ensure that pupils in grades 7-12 are provided with the knowledge and skills necessary to: 1) protect their sexual and reproductive health from HIV, other sexually transmitted infections, and unintended pregnancy; 2) develop healthy attitudes concerning adolescent growth and development, body image, gender, sexual orientation, relationships, marriage, and family; and 3) have healthy, positive, and safe relationships and behaviors. It also promotes understanding of sexuality as a normal part of human development.

Parents or legal guardians have the right to:

1. Inspect the written and audiovisual educational materials used in the comprehensive sexual health and HIV prevention education.
2. Request in writing that their child not receive comprehensive sexual health or HIV prevention education.
3. Request a copy of Education Codes 51930 through 51939, the California Healthy Youth Act.
4. Be informed whether the comprehensive sexual health or HIV prevention education will be taught by Da Vinci personnel or outside consultants.
5. Receive notice by mail or another commonly used method of notification no fewer than 14 days before the instruction is delivered if arrangements for the instruction are made after the beginning of the school year.
6. When Da Vinci chooses to use outside consultants or to hold an assembly with guest speakers to teach comprehensive sexual health or HIV prevention education, be informed of: a) The date of the instruction, and b) The name of the organization or affiliation of each guest speaker.

La Ley de Juventud Sana de California requiere que los distritos escolares proveen alumnos una educación dla salud sexual y prevención de VIH que sea integrada, comprensiva, correcta e imparcial por lo menos una vez en la preparatoria, y una vez en la secundaria. La intención de esta ley es asegurar que los alumnos en grados 7-12 reciban los conocimientos y habilidades necesarios para: 1) proteger su salud sexual y reproductiva del HIV, otras infecciones de transmisión sexual, y embarazos no intencionados; 2) desarrollar actitudes saludables sobre el crecimiento y desarrollo del adolescente, imagen corporal, género, orientación sexual, relaciones, matrimonio y familia; y 3) tender comportamientos y relaciones saludables, positivas y seguras. Esto también promueve comprensión de la sexualidad como una parte normal del desarrollo humano.

Los padres o tutores tienen el derecho a:

1. *Examinar los materiales educativos escritos y audiovisuales usados en la educación de salud sexual integral y prevención de VIH.*
2. *Solicitar por escrito que su hijo no reciba la educación de salud sexual integral y prevención de VIH.*
3. *Pedir una copia de los Códigos de Educación 51930 hasta 51939, La Ley de Juventud Sana de California.*
4. *Ponerse al corriente si la educación de salud sexual integral y prevención de VIH serán enseñados por personal del distrito o consultores independientes.*
5. *Recibir notificación por correo u otro método de notificación comúnmente usado no menos de 14 días antes de que inicie la instrucción si los arreglos para la instrucción toman lugar después del comienzo del año escolar.*

Parents or legal guardians will be notified in writing about the administration of, the right to review, and the right to excuse their child from any test, questionnaire, or survey.

Concussion and Head Injuries – EC 49475
Conmoción Cerebral y Heridas a la Cabeza – CE 49475

A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. A school district, charter school, or private school that elects to offer an athletic program must immediately remove from a school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until he or she is evaluated by, and receives written clearance from, a licensed health care provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than 7 days in duration under the supervision of a licensed health care provider. On a yearly basis, a concussion and head injury information sheet must be signed and returned by the athlete and the athlete's parent or guardian before the athlete initiates practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular schoolday or as part of a physical education course.

Una conmoción cerebral es una lesión cerebral que puede ser causada por un golpe ligero, un golpe fuerte o un movimiento repentino de la cabeza, o por un golpe a otra parte del cuerpo con fuerza que se transmite a la cabeza. Aunque la mayoría de las conmociones cerebrales son de poca seriedad, todas las conmociones cerebrales son potencialmente graves y pueden provocar complicaciones incluyendo daño cerebral prolongado y la muerte si no son reconocidos y administrados correctamente. Un distrito escolar, una escuela charter, o una escuela privada que elige ofrecer un programa atlético debe sacar inmediatamente de una actividad atlética patrocinada por la escuela para el resto del día un deportista que se sospecha de haber sufrido una conmoción cerebral o herida a la cabeza durante esa actividad. El atleta no podrá volver a esa actividad hasta que él o ella sea evaluada por y reciba autorización escrita de un proveedor autorizado de cuidado de la salud. Si un proveedor de cuidado de la salud determina que el deportista ha sufrido una conmoción cerebral o una herida a la cabeza, el deportista deberá completar un protocolo gradual de regreso al juego de no menos de 7 días de duración bajo la supervisión de un proveedor autorizado de cuidado de la salud. Cada año, una hoja de información sobre conmoción cerebral y heridas a la cabeza debe ser firmada y devuelta por el atleta y el padre o tutor del atleta antes de que el atleta inicie una práctica o competencia. Este requisito no se aplica a un atleta que participa en una actividad atlética durante el día escolar o como parte de un curso de educación física.

Emergency Treatment for Anaphylaxis – EC 49414
Tratamiento de Emergencia para Anafilaxia – CE 49414

EC 49414 requires school districts to provide epinephrine auto-injectors to school nurses and trained personnel and authorizes them to use epinephrine auto-injectors for any student who may be experiencing anaphylaxis, regardless of known history. Anaphylaxis is a severe and potentially life-threatening allergic reaction that can occur after encountering an allergic trigger, such as food, medicine, an insect bite, latex or exercise. Symptoms include narrowing of the airways, rashes or hives, nausea or vomiting, a weak pulse and dizziness. It is estimated that approximately 25% of the anaphylactic reactions occur during school hours to students who had not previously been diagnosed with a food or other allergy. Without immediate administration of epinephrine followed by calling emergency medical services, death can occur. Being able to recognize and treat it quickly can save lives.

CE 49414 requiere que distritos escolares provean epinefrina auto-inyectable a las enfermeras de las escuelas y personal capacitado y los autoriza a usar epinefrina auto-inyectable con cualquier estudiante que puede estar sufriendo de anafilaxia, sin tener que tomar cuenta el historial médico conocido. Anafilaxia es una severa y potencialmente mortal reacción alérgica que puede ocurrir después de haber sido expuesto a un elemento que provoca alergias tal como la comida, medicina, picadura de insecto, látex o el ejercicio. Síntomas incluyen el estrechamiento de las vías respiratorias, salpullido o urticaria, náusea o vómito, pulso débil y mareo. Se estima que aproximadamente 25% de las reacciones anafilácticas ocurren durante las horas escolares a estudiantes que previamente no han sido diagnosticados con alergias de comida u otras cosas. Sin la administración inmediata de epinefrina seguida por una llamada a los servicios médicos de emergencia, puede resultar en la muerte del estudiante. El poder reconocer y tratar de inmediato puede salvar vidas.

Immunizations: EC 49403, 48216; HSC 120325, 120335, 120365, 120370, 120375

Inmunizaciones: CE 49403, 48216; HSC 120325, 120335, 120365, 120370, 120375

Students must be immunized against certain communicable diseases. Students are prohibited from attending school unless immunization requirements are met for age and grade. The school district shall cooperate with local health officials in measures necessary for the prevention and control of communicable diseases in school age children. The district may use any funds, property, or personnel and may permit any person licensed as a physician or registered nurse to administer an immunizing agent to any student whose parents have consented in writing.

Beginning January 1, 2016, parents of students in any school, will no longer be allowed to submit a personal beliefs exemption to a currently required vaccine. A personal beliefs exemption on file at school prior to January 1, 2016 will continue to be valid until the student enters the next grade span at kindergarten (including transitional kindergarten) or 7th grade.

Students are not required to have immunizations if they attend a home-based private school or an independent study program and do not receive classroom-based instruction. However, parents must continue to provide immunizations records for these students to their schools. The immunization requirements do not prohibit students from accessing special education and related services required by their individualized education programs.

A student not fully immunized may be temporarily excluded from a school or other institution when that child has been exposed to a specified disease and whose documentary proof of immunization status does not show proof of immunization against one of the communicable diseases described above.

Los estudiantes deben ser inmunizados contra ciertas enfermedades transmisibles. Se les prohíbe a los estudiantes asistir a la escuela a menos que se cumplan los requisitos de vacunación para la edad y el grado. El distrito escolar deberá cooperar con las autoridades de salud locales en las medidas necesarias para la prevención y control de enfermedades transmisibles en los niños de edad escolar. El distrito puede usar cualquier fondo, propiedad o personal y puede permitir a cualquier persona con licencia de un médico o una enfermera registrada para administrar un agente de inmunización a cualquier estudiante cuyos padres hayan dado su consentimiento por escrito. A partir del 1 de enero de 2016, a los padres de los estudiantes de cualquier escuela, ya no se les permitirá presentar una exención por creencias personales a una vacuna que actualmente se exige. Una exención por creencias personales en los archivos de la escuela antes del 1 de enero de 2016 seguirá siendo válida hasta que el estudiante entre al siguiente grado en kindergarten (incluyendo el kindergarten de transición) o 7° grado.

Los estudiantes no están obligados a tener las vacunas si asisten a una escuela privada en el hogar o un programa de estudios independientes y no reciben instrucción en el aula. Sin embargo, los padres deben seguir proporcionando registros de inmunizaciones para estos estudiantes a sus escuelas. Los requisitos de inmunización no prohíben a los estudiantes el acceso a la educación especial y servicios relacionados requeridos por sus programas educativos individualizados.

Un estudiante que no tenga todas las vacunas puede ser excluido temporalmente de una escuela u otra institución cuando el niño/a haya sido expuesto a una enfermedad específica y cuyos documentos no prueben muestra de vacunación contra una de las enfermedades transmisibles descritas anteriormente.

State law requires the following immunizations before a child may attend school:

- (a) All new students, in transitional kindergarten through grade 12, to the Da Vinci Schools must provide proof of polio, diphtheria, pertussis, tetanus, measles, and mumps, rubella, and varicella immunizations.
- (b) All transitional kindergarten and kindergarten students must also provide proof of vaccination against hepatitis B.
- (c) All seventh grade students must also provide proof of a second measles-containing vaccine, and a pertussis booster vaccine.

Free- or low-cost immunizations for children are available at <http://publichealth.lacounty.gov/ip/>. Please contact Dr. Emily Green, School Nurse/Health egreen@davincischools.org for information.

Information about a medical exemption or personal beliefs exemption from immunizations for your student is available at your son/daughter school office.

Instruction for Pupils with Temporary Disabilities – EC 48206.3, 48207, 48208

Instrucción para los Estudiantes con Discapacidades Temporales – CE 48206.3, 48207 y 48208

A pupil with a temporary disability which makes attendance in the regular day classes or the alternative educational program in which the pupil is enrolled impossible or inadvisable may receive individualized instruction provided in the pupil's home for one hour a day. Please contact your son/daughter's school principal or counselor for further information.

A pupil with a temporary disability, who is in a hospital or other residential health facility, excluding a state hospital, may be deemed to have complied with the residency requirements for school attendance in the school district in which the hospital is located.

It is the responsibility of the parent or guardian to notify the school district in which the hospital or other residential health facility is located of the presence of a pupil with a temporary disability. Upon receipt of the notification, the district will within five working days determine whether the pupil will be able to receive individualized instruction pursuant to EC 48206.3 and, if so, provide the instruction within five working days or less.

A pupil with a temporary disability may remain enrolled in the district of residence or charter school and may attend regular classes when not confined to the hospital setting, the total days of instruction may not exceed the maximum of five days with both school settings and attendance may not be duplicated. If necessary, the district of residence may provide instruction in the home for the days not receiving instruction in the hospital setting, depending upon the temporary doctor orders. The supervisor of attendance shall ensure that absences from the regular school program are excused until the pupil is able to return to the regular school program.

An honorary high school diploma which is clearly distinguishable from the regular diploma of graduation may be awarded to a pupil who is terminally ill, from the resident governing school board, a county office of education or a charter school.

Un alumno con una discapacidad temporal que hace que su asistencia a las clases regulares del día o al programa de educación alternativa en el cual el alumno está inscrito sea imposible o poco aconsejable deberá recibir enseñanza individualizada proporcionada en la casa del alumno por una hora al día.

Comuníquese con el director o consejero escolar de su hijo / hija para obtener más información.

Un alumno con discapacidades temporales, el cual está en un hospital u otro internado de salud, excluyendo un hospital estatal, se considerará haber cumplido con los requisitos de residencia para asistencia escolar en el distrito escolar en que está localizado el hospital.

Es la responsabilidad del padre o tutor notificar al distrito escolar en cual hospital u otro internado de salud esté localizado de la presencia del alumno con una discapacidad temporal. Al recibir la notificación, el distrito determinará dentro de cinco días hábiles si el alumno podrá recibir enseñanza individualizada de conformidad con el CE 48206.3 y, si la decisión es positiva, proveer la enseñanza dentro de cinco días hábiles.

El alumno con discapacidades temporales puede mantenerse inscrito y asistir a clases en el distrito de residencia o escuela autónoma, siempre y cuando no este confinado a un entorno hospitalario. El total de días de instrucción no puede exceder el máximo de 5 días, entre los dos entornos escolares ni duplicar la asistencia. Si es necesario, el distrito de residencia puede proveer instrucción en casa los días en los cuales no recibe instrucción en el entorno hospitalario, dependiendo las órdenes temporarias del médico. El supervisor de asistencia debe asegurarse que las ausencias del programa escolar regular sean excusadas hasta que el estudiante pueda regresar al programa escolar regular.

Un diploma de secundaria honorario, que claramente se distingue del diploma de graduación, puede ser otorgado a un estudiante quien tiene una enfermedad terminal por el consejo escolar gobernante de residencia, la oficina educativa del condado o una escuela autónoma.

Medication Regimen – EC 49423, 49480

Régimen de Medicamento – CE 49423, 49480

The parent or legal guardian of any pupil taking medication on a regular basis must inform the school nurse or **office manager** of the medication being taken, the current dosage, and the name of the supervising physician. With the consent of the parent or legal guardian, the school nurse may communicate with the physician and may counsel with school personnel regarding the possible effects of the medication on the pupil.

Any pupil who is required to take, during the regular schoolday, medication prescribed by a physician may be assisted by the school nurse or other designated school personnel if the school district receives both a written statement of instructions from the physician detailing the method, amount and time schedules by which such medication is to be taken requesting the school nurse to assist the pupil with prescribed medication as set forth in the physician statement. Student may carry and self-administer auto-injectable epinephrine or inhaled asthma medication if the school district receives both a written statement of instructions from the physician detailing the method, amount and time schedules by which such medication is to be taken and a written statement from the parent or guardian requesting that the student self-administer. All requests are to be approved by school nurse prior to use.

El padre o tutor legal de cualquier alumno tomando medicamentos en forma regular debe informar a la enfermera escolar o gerente de oficina del medicamento tomado, la dosis corriente, y el nombre del médico que lo está supervisando. Con el consentimiento del padre o tutor legal, la enfermera escolar puede comunicarse con el médico y puede aconsejar al personal escolar de los posibles efectos que la medicina puede causar al alumno.

Cualquier alumno que deba o debe tomar, durante el día escolar regular, los medicamentos recetados por un médico pueden ser asistidos por la enfermera de la escuela u otro personal escolar designado si el distrito escolar recibe una declaración escrita de instrucciones del médico que detalla el método, la cantidad y horarios por los cuales se tomará dicha medicación solicitando a la enfermera de la escuela

que ayude al alumno con la medicación prescrita como se establece en la declaración del médico. El estudiante puede llevar y auto administrarse epinefrina auto inyectable o medicamentos para el asma inhalados si el distrito escolar recibe tanto una declaración escrita de instrucciones del médico que detalla el método, la cantidad y los horarios en los que se tomará dicho medicamento como una declaración escrita del padre o tutor solicita que el alumno se auto administra. Todas las solicitudes deben ser aprobadas por la enfermera de la escuela antes de su uso.

Guidance from the California Department of Education provides a sample checklist that may be given to parents and guardians when children need medication at school. The checklist can be found at: <http://www.cde.ca.gov/ls/he/hn/medassist.asp>.

1. Talk to your child's doctor about making a medicine schedule so that your child does not have to take medicine while at school.
2. If your child is regularly taking medicine for an ongoing health problem, even if he or she only takes the medicine at home, give a written note to the school nurse or other designated school employee at the beginning of each school year. You must list the medicine being taken, the current amount taken, and the name of the doctor who prescribed it (EC 49480).
3. If your child must take medicine while at school, give the school a written note from you and a written note from your child's doctor or other health care provider, who is licensed to practice in California. Provide new, updated notes at the beginning of each school year and whenever there is any change in the medicine, instructions, or doctor (EC 49423).
4. As parent or guardian, you must supply the school with all medicine your child must take during the school day. You or another adult must deliver the medicine to school, except medicine your child is authorized to carry and take by him or herself.
5. All controlled medicine, like Ritalin, must be counted and recorded on a medicine log when delivered to the school. You or another adult who delivered the medicine should verify the count by signing the log.
6. Each medicine your child must be given at school must be in a separate container labeled by a pharmacist licensed in the United States. The container must list your child's name, doctor's name, name of the medicine, and instructions for when to take the medicine and how much to take.
7. Pick up all discontinued, outdated, and/or unused medicine before the end of the school year.
8. Medicinal cannabis may be administered at school by parent according to local district adopted policy, which must include: no disruption of educational environment or exposure of cannabis to other students, parent administration only – no staff members to administer cannabis, removal of any remaining cannabis and packaging from school site, parent method to sign in and out for administration and medical recommendation to be kept on file according to confidential health records. The use of smoke or vape forms of cannabis is expressly forbidden on school campus.
9. Know and follow the medicinal policy of your child's school. The school board may amend or rescind any of their policies for any reason in a public board meeting.

La orientación del Departamento de Educación de California proporciona una lista de verificación de muestra que se puede dar a los padres y tutores cuando los niños necesitan medicamentos en la escuela. La lista de verificación se puede encontrar en: <http://www.cde.ca.gov/ls/he/hn/medassist.asp>

Sudden Cardiac Arrest – EC 33479 et seq.
Paro Cardíaco Repentino – CE 33479 et seq.

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens, blood stops flowing to the brain and other vital organs. SCA is not a heart attack; it is a malfunction in the heart's electrical system, causing the victim to collapse. The malfunction is caused by a congenital or genetic defect in the heart's structure. SCA is more likely to occur during exercise or sports activity, so athletes are at greater risk. These symptoms can be unclear and confusing in athletes. Often, people confuse these warning signs with physical exhaustion. If not properly treated within minutes, SCA is fatal in 92 percent of cases. In a school district, charter school, or private school that elects to conduct athletic activities, the athletic director, coach, athletic trainer, or authorized person must remove from participation a pupil who passes out or faints, or who is known to have passed out or fainted, while participating in or immediately following an athletic activity. A pupil who exhibits any of the other symptoms of SCA during an athletic activity may be removed from participation if the athletic trainer or authorized person reasonably believes that the symptoms are cardiac related. A pupil who is removed from play may not return to that activity until he or she is evaluated by, and receives written clearance from, a physician or surgeon. On a yearly basis, an acknowledgement of receipt and review of information regarding SCA must be signed and returned by the pupil and the pupil's parent or guardian before a pupil participates in specific types of athletic activities which generally does not apply to those conducted during the regular schoolday or as part of a physical education course.

El paro cardíaco repentino (PCR) sucede cuando el corazón súbita e inesperadamente deja de latir. Cuando esto sucede, se detiene el flujo sanguíneo hacia el cerebro y otros órganos vitales. El PCR no es un ataque cardíaco; es una falla en el sistema eléctrico del corazón que hace que la víctima se colapse. Un defecto congénito o genético en la estructura del corazón es la causa de la falla. Es más probable que suceda un PCR al hacer ejercicio o deportes, así que los atletas corren más riesgo. Estos síntomas pueden ser poco claros y confusos en los atletas. A menudo, las personas confunden estas señales de advertencia con el agotamiento físico. Si no se trata bien en minutos, el PCR es mortal en el 92% de los casos. En un distrito escolar, una escuela charter, o una escuela privada que elige realizar actividades atléticas, el director atlético, entrenador, entrenador atlético o persona autorizada debe retirar de la participación a un alumno que se desmaya, o que se sabe que se ha desmayado, mientras participando en o inmediatamente después de una actividad atlética. Un alumno que exhibe cualquiera de los otros síntomas de PCR durante una actividad atlética puede ser removido de la participación si el entrenador atlético o persona autorizada razonablemente cree que los síntomas son relacionados con el corazón. Un alumno que es retirado del juego no puede volver a esa actividad hasta que sea evaluado por, y reciba autorización escrita de, un médico o cirujano. Cada año, un reconocimiento de recibo y revisión de información acerca de PCR debe ser firmado y devuelto por el alumno y el padre o tutor del alumno antes de que el alumno participe en actividades atléticas específicas que generalmente no se aplican a las actividades atléticas realizadas durante el día escolar o como parte de un curso de educación física.

Suicide Prevention Policies: EC 215
Políticas de prevención del suicidio: CE 215

Student suicide rates are of concern to all members of the school community. One child, ages 12 and older, dies by suicide every five days in California. Local Districts were required by California law to provide suicide prevention education, according to age-appropriate and sensitive local policies, for grades 7 to 12. Legislators have determined that training in mental health and coordination around improved services is extended to our elementary students. A shared goal by all staff educators is to keep a safe place to learn, free from harm to any of our students.

El índice de suicidio estudiantil preocupa a todos los miembros de la comunidad escolar. Un niño, de 12 años de edad o más, muere por suicidio cada cinco días en California. La ley de California exigía a los

distritos locales que proporcionaran educación de prevención del suicidio, de acuerdo con las políticas locales apropiadas y apropiadas para la edad, para los grados de 7 al 12. Los legisladores han determinado que la capacitación en salud mental y coordinación en torno a servicios mejorados se extiende a nuestros estudiantes de primaria. Una meta compartida por todo el personal capacitado de la escuela es mantener un lugar seguro para estudiar sin dañar a ninguno de nuestros estudiantes.

Avoiding Absences, Written Excuses

Evitando Ausencias, Excusas Escritas

Da Vinci Schools encourages parents to make sure their children attend school regularly and to schedule medical and other appointments after school or during school holidays. The district also asks that travel or other absences be avoided during the time school is in session. The higher the district's daily attendance rate, the more a student will learn and the greater the amount of funding that the district will receive from the state for classroom instruction and academic programs. The school calendar is designed to minimize problems for families which plan vacations around traditional holiday periods, and thereby minimize student absences.

Following an absence, a student is required to bring a written excuse from home when returning to school. Illnesses, and doctor and dental appointments are considered excused absences. Absences without a written excuse are recorded as unexcused.

Las Escuelas Da Vinci urge a los padres que se aseguren que sus hijos asisten a la escuela regularmente y que programen las citas médicas u otras citas para después de clases o durante las vacaciones escolares. El distrito también pide que el viaje u otras ausencias sean evitadas durante el tiempo que la escuela está en sesión. La más alta el porcentaje de la asistencia diaria del distrito, lo más aprenderá un estudiante y el distrito escolar recibirá más fondos del estado para la enseñanza en el salón y programas académicos. El calendario escolar está concebido para reducir problemas para familias que planean viajes alrededor de vacaciones tradicionales, y de ese modo reducir las ausencias de los estudiantes. Siguiendo una ausencia, un estudiante está requerido traer una excusa escrita de la casa cuando regrese a la escuela. Enfermedades, y citas médicas y con el dentista se consideran ausencias justificadas. Las ausencias sin una excusa escrita serán documentadas como ausencias sin justificación.

Tardiness:**Tardanza:**

Children should be encouraged to be prompt as part of developing good habits. They are expected to be at school on time. If a child is late, the child should bring an excuse from home to the school office. A student will be classified as truant if they are tardy or absent for more than a 30 minute period during the school day without a valid excuse on three occasions in one school year.

Los niños/as deben ser alentados a ser puntuales como parte del desarrollo de buenos hábitos. Se espera que lleguen a la escuela a tiempo. Si un niño/a llega tarde, el niño/a debe traer una escrita de su hogar a la oficina escolar. Un estudiante será clasificado como ausente si llega tarde o está ausente por más de un periodo de 30 minutos durante el día escolar sin una excusa válida en tres ocasiones en un año escolar.

Truancy Definitions – EC 48260, 48262 and 48263.6:***Definición de un Estudiante que Falta a la Escuela sin Justificación – CE 48260, 48262 y 48363.6:***

A student is considered truant after three absences or three tardies of more than 30 minutes each time or any combination thereof and the absences or tardies are unexcused. After a student has been reported as a truant three or more times in a school year and the district has made a conscientious effort to meet with the family, the student is considered a habitual truant. A student who is absent from school without a valid excuse for 10% or more of the schooldays in one school year, from the date of enrollment to the current date, is considered a chronic truant. Unexcused absences are all absences that do not fall within EC 48205.

Se considera que un estudiante ha faltado a la escuela sin justificación (conocido en inglés como “truant”) después de tres ausencias o tres tardanzas por más de 30 minutos cada vez o cualquier combinación de los mismos y las ausencias o tardanzas no son justificadas. Después de que un estudiante ha sido reportado como “truant” tres o más veces en un año escolar y el distrito ha hecho un esfuerzo consciente para reunirse con la familia, el estudiante se considera un “truant” habitual. Un estudiante que está ausente de la escuela sin justificación válida por 10% o más de los días de un año escolar, desde la fecha de inscripción a la fecha actual, se considera un “truant” crónico. Ausencias sin justificación son ausencias que no caen dentro del CE 48205.

Chronic Absenteeism – EC 60901

Ausentismo Crónico – CE 60901

A student is considered a chronic absentee when he/she is absent on 10% or more of the school days in one school year, from the date of enrollment to the current date. Chronic absenteeism includes all absences – excused and unexcused – and is an important measure because excessive absences negatively impact academic achievement and student engagement.

El ausentismo crónico incluye todas las ausencias – con excusa o sin excusa – y es una medida importante porque las ausencias excesivas afectan negativamente el rendimiento y compromiso académico del estudiante.

Camera Surveillance on School Property – PC 647(j)

Vigilancia de cámaras en propiedad escolar -CP 647 (j)

For the safety of our students, staff and visitors, Da Vinci employs camera surveillance equipment for security purposes. This equipment may or may not be monitored at any time.

However, it is not possible for surveillance cameras to cover all public areas of DaVinci buildings or all school activities.

Las áreas públicas pueden incluir autobuses escolares, entradas a edificios, pasillos, estacionamientos, oficinas donde los estudiantes, empleados y padres van y vienen; gimnasios durante actividades públicas; cafeterías y salas de suministros. All complaints must be filed through a formal report, over the telephone, in person, or in writing, with an appropriate local law enforcement agency (*i.e.*, Police or Sheriff's Department, County Probation Department, or County Welfare Department/County Child Protective Services). Both the name of the person filing the complaint and the report itself are confidential and cannot be disclosed except to authorized agencies.

Parents and guardians of students also have a right to file a complaint against a school employee or other person that they suspect has engaged in abuse of a child at a school site. Complaints may be filed with the local law enforcement agency; you may also notify the District of an incident by contacting Human Resources 310-725-5800..

Child abuse does not include an injury caused by any force that is reasonable and necessary for a person employed by or engaged in a school:

To stop a disturbance threatening physical injury to people or damage to property;

1. For purposes of self-defense;
2. To obtain possession of weapons or other dangerous objects within control of a student;
3. To exercise the degree of control reasonably necessary to maintain order, protect property, protect the health and safety of pupils, and maintain proper and appropriate conditions conducive to learning.

Las escuelas Da Vinci se compromete a proteger a todos los estudiantes que estén a su cuidado. Todos los empleados del distrito son considerados informantes obligatorios, requeridos por ley a reportar casos de abuso y descuido de menores cuando hay una sospecha razonable de abuso o negligencia. Los empleados del distrito no pueden investigar para confirmar su sospecha.

Todas las quejas deben ser presentadas a través de un informe oficial, por teléfono, en persona, o por escrito, con una agencia del orden público local correspondiente (por ejemplo, la policía, el departamento del Sheriff, el departamento de libertad condicional del condado, el departamento de bienestar público/servicios de protección de menores del condado). Tanto el nombre del informante como el mismo informe serán confidenciales y no podrán ser divulgados salvo a las agencias autorizadas.

Los padres y tutores legales de los estudiantes también tienen el derecho de presentar una queja en contra de un empleado de la escuela u otra persona cuando se sospecha de abuso hacia un niño/a en la escuela. Para detener un disturbio que pueda causar daño físico a personas o daños a la propiedad;

- 1. Para propósitos de defensa propia;*
- 2. Para obtener la posesión de armas u otros objetos peligrosos que están bajo el control de un estudiante;*

Custody Issues

Asuntos de Custodia

Custody disputes must be handled by the courts. The school has no legal jurisdiction to refuse a biological parent access to his/her child and/or school records. The only exception is when signed restraining orders or proper divorce papers, specifically stating visitation limitations, are on file in the school office. Any student release situation which leaves the student's welfare in question will be handled at the discretion of the site administrator or designee. Should any such situation become a disruption to the school, law enforcement will be contacted and an officer requested to intervene. Parents are asked to make every attempt not to involve school sites in custody matters. The school will make every attempt to reach the custodial parent when a parent or any other person not listed on the emergency card attempts to pick up a child.

Disputas de custodia tendrán que ser atendidas por medio de las cortes. La escuela no tiene ninguna jurisdicción legal de negar a un padre biológico acceso a su niño y/o registros escolares. La única excepción es cuando existen órdenes de restricción o documentos de divorcio, específicamente indicando limitaciones de visitas, que estén archivadas en la oficina escolar. Cualquier situación de cesión que ponga en peligro el bienestar del estudiante será atendida al criterio del administrador o su designado. Si cualquier cuya situación altera la escuela, se solicitará la intervención de la policía. Les piden a los padres que hagan todo lo posible a no involucrar la escuela en asuntos de custodia. La escuela hará todo lo posible para comunicarse con el padre que tiene custodia cuando un padre o cualquier otra persona que no está listada en la carta de emergencia trate de recoger un niño.

Examples of these objects include, but are not limited to, laser pointers, mini baseball bats, martial arts weapons (e.g., nunchaku, throwing stars), or any other sharp, pointy objects. Students should refrain from bringing objects that have the potential to inflict serious bodily injury to others and create possible disciplinary actions.

Electronic Nicotine Delivery Systems (e-cigarettes) – PC 308

Sistemas de Suministro de Nicotina Electrónicos (cigarrillos electrónicos) – CP 308

Da Vinci Schools prohibits the use of electronic nicotine delivery systems (ENDS) such as e-cigarettes, hookah pens, cigarillos, and other vapor-emitting devices, with or without nicotine content, that mimic the use of tobacco products on all district property and in district vehicles at all times. ENDS are often made to look like cigarettes, cigars and pipes, but can also be made to look like everyday items such as pens, asthma inhalers and beverage containers. These devices are not limited to vaporizing nicotine; they can be used to vaporize other drugs such as marijuana, cocaine, and heroin.

Students using, in possession of, or offering, arranging or negotiating to sell ENDS can be subject to disciplinary action, particularly because ENDS are considered drug paraphernalia, as defined by 11014.5 of the Health and Safety Code. Section 308 of the Penal Code also states that every person under 18 years of age who purchases, receives, or possesses any tobacco, cigarette, or cigarette papers, or any other preparation of tobacco, or any other instrument or paraphernalia that is designed for the smoking of tobacco, tobacco products, or any controlled substance shall, upon conviction, be punished by a fine of seventy-five dollars (\$75) or 30 hours of community service work.

Las escuelas Da Vinci prohíbe en todas las propiedades del distrito y dentro de los vehículos del distrito en todo momento el uso de sistemas electrónicos de inhalación de nicotina (conocido en inglés como ENDS) los cigarrillos electrónicos, las pipas para fumar conocidas como “hooka”, puros, y otros dispositivos que emiten vapor, con o sin contenido de nicotina, que imitan el uso de productos de tabaco. Por lo general ENDS se asemeja a los cigarrillos, puros y pipas, pero también se hacen de forma que simulen artículos de uso diario como las plumas, inhaladores para el asma y recipientes para bebidas. Estos dispositivos no

están limitados a la vaporización de la nicotina; también se pueden usar para vaporizar otras drogas como marihuana, cocaína, y heroína.

Los estudiantes que usen, tengan posesión, ofrezcan, organicen o negocien la venta de ENDS estará sujeto a una acción disciplinaria, particularmente porque ENDS es considerada una droga parafernalia, como está definido por el Código de Salud y Seguridad 11014.5. La sección 308 del Código Penal también afirma que toda persona menor de 18 años que compre, reciba o posea tabaco, cigarrillos o papeles para cigarrillos, o cualquier otra preparación de tabaco, o cualquier otro instrumento o parafernalia que esté diseñado para fumar tabaco, productos de tabaco o cualquier otra sustancia controlada, será, al ser condenada, castigada con una multa de setenta y cinco dólares (\$ 75) o 30 horas de trabajo de servicio comunitario.

Dispositivos de señalización electrónica – CE 48901.5

The only allowable use would be acceptable if it is determined by a licensed physician that the pupil must use for the health and safety of a pupil. Any pupil in violation shall be subject to appropriate disciplinary action.

Smartphone use may be prohibited by districts, charter schools, and county schools while a student is at a schoolsite and under supervision and control of staff. There are health and special education limits or usage that may differ from the general student population, but must be in writing and kept on file in student records for confidential record keeping and reasons.

El uso por cualquier persona, incluso un alumno, de cualquier aparato de señalización electrónica en cualquier salón sin el consentimiento previo del maestro y el director es prohibido ya que interrumpe y afecta el proceso de aprendizaje y la disciplina en las escuelas. El único uso permitido sería aceptable si lo determina un médico con licencia que el alumno debe usar para la salud y la seguridad de un alumno. Cualquier alumno en violación estará sujeto a la acción disciplinaria apropiada.

Los distritos, las escuelas autónomas y las escuelas del condado pueden prohibir el uso de teléfonos inteligentes mientras un estudiante se encuentra en una escuela y bajo la supervisión y control del personal. Existen límites o usos de salud y educación especial que pueden diferir de la población general de estudiantes, pero deben estar por escrito y archivados en los registros de los estudiantes por razones y mantenimiento de registros confidenciales.

A Cal Grant is money for college that does not have to be paid back. To qualify, a student must meet the eligibility and financial requirements as well as any minimum grade point average (GPA) requirements. Cal Grants can be used at any University of California, California State University or California Community College. Some independent and career colleges or technical schools in California also take Cal Grants.

In order to assist students in applying for financial aid, all students in grade 12 are automatically considered a Cal Grant applicant. Unless the school is notified while the student is in the 11th grade that he/she does not want to be considered a Cal Grant applicant, the student's GPA will be submitted to the California Student Aid Commission (CASC) electronically by a school or school district official before October 1 of the student's 12th grade year.

Please indicate below whether or not you would like the school to electronically send CASC the student's GPA when he/she is in the 12th grade. Until a student turns 18 years of age, only the parent/guardian may opt out the student. Once a student turns 18 years of age, only the student may opt himself/herself out, and can opt in if the parent/guardian had previously decided to opt out the student.

DA VINCI SCHOOLS
2020-21 CONCUSSION INFORMATION SHEET
(Applicable Only for the Current School Year)

A concussion is a type of brain injury and all brain injuries are serious. A concussion can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. It can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly.** In other words, even a “ding” or a bump on the head can be serious. You can’t see a concussion and most sports concussions occur without loss of consciousness.

WHAT ARE THE SIGNS AND SYMPTOMS OF CONCUSSION?

Signs and symptoms of concussion may show up right after the injury or may not appear or be noticed until days or weeks after the injury. If your child reports any symptoms of concussion listed below, or if you notice the symptoms or signs of concussion yourself, your child should be kept out of play the day of the injury and until a health care professional, experienced in evaluating for concussion, determines that your child is symptom-free and able to return to play.

<i>Signs observed by coaching staff...</i>	<i>Symptoms reported by athletes...</i>
Appears dazed or stunned	Headache or “pressure” in head
Is confused about assignment or position	Nausea or vomiting
Forgets an instruction	Balance problems or dizziness
Is unsure of game, score, or opponent	Double or blurry vision
Moves clumsily	Sensitivity to light
Answers questions slowly	Sensitivity to noise
Loses consciousness (even briefly)	Feeling sluggish, hazy, foggy, or groggy
Shows mood, behavior, or personality changes	Concentration or memory problems
Can’t recall events <i>prior</i> to hit or fall	Confusion
Can’t recall events <i>after</i> hit or fall	Just not “feeling right” or “feeling down”

Concussions affect people differently. While most athletes with concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer. In rare cases, a dangerous blood clot may form on the brain and crowd the brain against the skull. An athlete should receive immediate medical attention if after a bump, blow, or jolt to the head or body she/he exhibits any of the following danger signs:

One pupil is larger than the other	Convulsions or seizures
Is drowsy or cannot be awakened	Cannot recognize people or places
Weakness, numbness, or decreased coordination	Repeated vomiting or nausea
Slurred speech	Has unusual behavior
A headache that not only does not diminish, but gets worse	Becomes increasingly confused, restless, or agitated
Loses consciousness	

WHY MUST AN ATHLETE BE REMOVED FROM PLAY AFTER A CONCUSSION?

If an athlete has a concussion, his/her brain needs time to heal. Continuing to play while the brain is still healing leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even to severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that young athletes will often under report symptoms of injuries. And concussions are no different. As a result, education of administrators, coaches, parents and students is the key for student-athlete's safety.

IF YOU THINK YOUR CHILD HAS SUFFERED A CONCUSSION

If you suspect that your child has a concussion, remove him/her from the game or practice immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without written medical clearance. Do not try to judge the severity of the injury yourself. Close observation of the athlete should continue for several hours. Rest is key to helping an athlete recover from a concussion. Exercising or activities that involve a lot of concentration, such as studying, working on the computer, or playing video games, may cause concussion symptoms to reappear or get worse.

California Education Code 49475 and the California Interscholastic Federation (CIF) Bylaw 313 require implementation of long and well-established return to play concussion guidelines that help ensure and protect the health of student athletes:

Any athlete who is suspected of sustaining a concussion or head injury in an athletic activity shall be immediately removed from the athletic activity for the remainder of the day, and shall not be permitted to return to the athletic activity until he or she is evaluated by a licensed health care provider who is trained in the management of concussions and is acting within the scope of his or her practice. The athlete shall not be permitted to return to the athletic activity until he or she receives written clearance to return to the athletic activity from that licensed health care provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than 7 days in duration under the supervision of a licensed health care provider.

It's better to miss one game than miss the whole season.

2020-21 INFORMACIÓN SOBRE LA CONMOCIÓN CEREBRAL
(Aplicable Solo para el Año Escolar En Curso)

Una conmoción cerebral es una herida cerebral y todas las heridas cerebrales son graves. Dichas heridas son causadas por un golpe ligero, un golpe fuerte, o un movimiento repentino de la cabeza, o por un golpe fuerte a otra parte del cuerpo con fuerza que se trasmite a la cabeza. Las heridas varían entre ligeras o graves y pueden interrumpir la manera en la que el cerebro funciona. Aunque la mayoría de las conmociones cerebrales son ligeras, **todas las conmociones cerebrales tienen el potencial de ser graves y si no se reconocen y tratan correctamente podrían tener como resultado complicaciones incluyendo daño cerebral prolongado o la muerte.** Eso quiere decir que cualquier “golpecito” a la cabeza podría ser grave. Las conmociones cerebrales no son visibles y en su mayoría las conmociones cerebrales que ocurren durante los deportes no ocasionan la pérdida de conocimiento.

¿CUALES SON LAS SEÑALES Y SÍNTOMAS DE UNA CONMOCIÓN CEREBRAL?

Las señales y síntomas de una conmoción cerebral podrían aparecer inmediatamente después de una herida o podrían no aparecer o ser notables hasta días o semanas después de la herida. Si su hijo(a) reporta cualquier síntoma de una conmoción cerebral mencionados a continuación, o si usted mismo se da cuenta de los síntomas de una conmoción cerebral, por favor abstenga a su hijo(a) de participar en el juego el día de la herida y hasta que un profesional de la salud, con experiencia en la evaluación de conmociones cerebrales determine que su hijo(a) no presenta ningún síntoma y puede regresar al juego.

<i>Señales observadas por los entrenadores...</i>	<i>Síntomas reportados por los deportistas...</i>
Parece desorientado	Dolor de cabeza o “presión” en la cabeza
Esta confundido sobre la asignación o posición	Nausea o vómito
Se le olvida la instrucción	Problemas de equilibrio o mareo
Está confundido sobre el juego, los puntos o el oponente	Visión doble o borrosa
Se mueve torpemente	Sensibilidad a la luz
Contesta las preguntas lentamente	Sensibilidad al ruido
Pérdida de conocimiento (aun brevemente)	Decaído, confundido, o mareado
Muestra cambios de humor, de comportamiento, o personalidad	Problemas con concentración o memoria
No puede recordar los eventos que sucedieron antes de la colisión o caída	Confundido
No puede recordar los eventos que sucedieron después de la colisión o caída	“No se siente bien” o “Se siente decaído”

Las conmociones cerebrales afectan a las personas de diferente manera. A veces algunos deportistas se recuperan con rapidez y por completo, mientras que a otros los síntomas les pueden durar por días o semanas. Una conmoción más seria puede durar por meses o más tiempo. En ciertos casos, un peligroso coágulo de sangre se puede formar en el cerebro y presionar sobre el cráneo. Un deportista debería de recibir atención médica de inmediato después de recibir un golpe ligero, un golpe fuerte, o un movimiento repentino de la cabeza o el cuerpo si él/ella muestra cualquiera de las siguientes señales de peligro:

Una pupila es más grande que la otra	Convulsiones o ataques
Esta adormilado o no se puede despertar	No reconoce a las personas o lugares
Debilidad, entumecimiento o disminución en la coordinación	Vómito o nausea constante
Arrastra las palabras	Tiene un comportamiento inusual
Dolor de cabeza que no solo no disminuye sino que empeora	Está muy confundido, inquieto o agitado
Pierde el conocimiento	

¿POR QUÉ SE DEBE RETIRAR A UN DEPORTISTA DEL JUEGO DESPUÉS DE UNA CONMOCIÓN CEREBRAL?

Si un deportista tiene una conmoción cerebral, su cerebro necesita tiempo para recuperarse. Continuar jugando con las señales o síntomas de una conmoción cerebral pone al deportista en riesgo de sufrir una herida más grave. La probabilidad de que se sufra daño significativo de una conmoción aumenta cuando ha pasado un periodo de tiempo largo después de que sucedió la conmoción cerebral, sobre todo si el deportista sufre otra conmoción cerebral antes de recuperarse completamente de la primera. Eso puede traer como consecuencia una recuperación más prolongada o incluso una hinchazón cerebral (síndrome de

segundo impacto) con consecuencias devastadoras o fatales. Es bien conocido que los deportistas jóvenes frecuentemente no reportan los síntomas de sus heridas. Eso es el caso también con las conmociones cerebrales. Por lo mismo es importante que los administradores, entrenadores, padres y estudiantes estén bien informados, lo cual es la clave para la seguridad de los estudiantes deportistas.

SI CREE QUE SU HIJO(A) HA SUFRIDO UNA CONMOCIÓN CEREBRAL

Si usted sospecha que su hijo(a) tiene una conmoción cerebral, retire a este estudiante del juego o entrenamiento inmediatamente. Ningún deportista puede volver a participar en la actividad después de sufrir una herida de cabeza o conmoción cerebral sin el permiso médico, no importa si la herida parece ser ligera o los síntomas desaparecen rápidamente. No trate de evaluar la gravedad de la herida por usted mismo. Se debe observar el mejoramiento del deportista por varias horas. El reposo es la clave para la recuperación de una conmoción cerebral. Los ejercicios o actividades que requieren de mucha concentración, tales como el estudiar, trabajar en la computadora, o jugar video juegos, podrían ocasionar que los síntomas reaparezcan o empeoren.

El Código de Educación de California 49475 y el estatuto 313 de la Federación Interescolar de California (CIF por sus siglas en inglés) requiere la implementación de las siguientes normas para regresar a jugar un deporte después de sufrir una conmoción cerebral, las cuales se han recomendado por muchos años:

Cuando se sospeche que un deportista ha sufrido una conmoción cerebral o herida a la cabeza en una actividad deportiva, a este estudiante deportista se le debe retirar de la actividad deportiva en ese momento y por el resto del día, y no podrá volver a la actividad deportiva hasta que le evalúe un proveedor autorizado de cuidado de la salud con capacitación en la evaluación y manejo de las conmociones cerebrales y esté actuando dentro del ámbito de su práctica. El deportista no podrá regresar a la actividad deportiva hasta que reciba un permiso por escrito para volver a participar en esta actividad deportiva de dicho proveedor autorizado de cuidado de la salud. Si un proveedor autorizado de cuidado de la salud determina que el deportista ha sufrido una conmoción cerebral o una herida a la cabeza, el deportista deberá completar un protocolo gradual de regreso al juego de no menos de 7 días de duración bajo la supervisión de un proveedor autorizado de cuidado de la salud.

Es preferible faltar a un partido que faltar toda la temporada.

2020-21 SUDDEN CARDIAC ARREST INFORMATION SHEET
(Applicable Only for the Current School Year)

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens, blood stops flowing to the brain and other vital organs. SCA is not a heart attack. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the victim to collapse. The malfunction is caused by a congenital or genetic defect in the heart's structure. It is fatal in 92 percent of cases if not properly treated within minutes.

WHAT ARE THE WARNING SIGNS AND RISK FACTORS OF SCA?

SCA often has no warning signs. In fact, the first symptom could be death. Athletes (and often their parents) don't want to jeopardize their playing time, so they may avoid telling parents or coaches in hopes that the symptoms will "just go away" on their own. Or, they may think they're just out of shape and need to train harder. Student athletes need to recognize and seek help if any of the conditions listed below are present.

Potential indicators that SCA is about to happen:

- Racing heart, palpitations or irregular heartbeat
- Dizziness or lightheadedness
- Fainting or seizure, especially during or right after exercise
- Fainting repeatedly or with excitement or startle
- Chest pain or discomfort with exercise
- Excessive, unexpected fatigue during or after exercise
- Excessive shortness of breath during exercise

Factors that increase the risk of SCA:

- Family history of known heart abnormalities or sudden death before age 50
- Specific family history of Long QT Syndrome, Brugada Syndrome, Hypertrophic Cardiomyopathy, or Arrhythmogenic Right Ventricular Dysplasia (ARVD)
- Family members with unexplained fainting, seizures, drowning or near drowning or car accidents
- Known structural heart abnormality, repaired or unrepaired
- Use of drugs, such as cocaine, inhalants, "recreational" drugs or excessive energy drinks

HOW CAN THE CONDITIONS OF SCA BE DETECTED?

Physical Exam and Medical History. Prior to participating in athletics, students are required to get a physical and complete a medical history. This form asks questions about family history and heart conditions. The physical exam should include listening to the heart.

Heart Screening. An electrocardiogram (ECG) is an effective diagnostic tool that detects irregularities. An abnormal ECG exam can lead to other tests like an echocardiogram, stress test, Holter monitor and more.

IF YOU THINK YOUR CHILD HAS EXPERIENCED ANY SCA SYMPTOMS

If your child has experienced any SCA-related symptoms, it is crucial to get follow-up care as soon as possible with a primary care physician. If the athlete has any of the SCA risk factors, these should also be discussed with a doctor to determine if further testing is needed. Wait for the doctor's feedback before returning your child to play, and alert his/her coach, trainer and school nurse about any diagnosed conditions.

California Education Code 33479.5 and the California Interscholastic Federation (CIF) Bylaw 503 require implementation of a sudden cardiac arrest protocol that helps ensure and protect the health of student athletes:

A student who passes out or faints while participating in or immediately following an athletic activity, or who is known to have passed out or fainted while participating in or immediately following an athletic activity, must be removed from participation at that time by the athletic director, coach, athletic trainer, or authorized person. A student who is removed from play after displaying signs and symptoms associated

with sudden cardiac arrest may not be permitted to return to participate in an athletic activity until the student is evaluated and cleared to return to participate in writing by a physician and surgeon.

2020-21 INFORMACIÓN SOBRE EL PARO CARDÍACO REPENTINO
(Aplicable Solo para el Año Escolar Actual)

El Paro Cardíaco Repentino (SCA por sus siglas en inglés) sucede cuando el corazón de repente e inesperadamente deja de latir. Cuando esto sucede, se detiene el flujo sanguíneo hacia el cerebro y otros órganos vitales. El SCA no es un paro cardíaco. Un paro cardíaco es causado por una obstrucción que detiene el flujo sanguíneo hacia el corazón. El SCA es una falla en el sistema eléctrico del corazón haciendo que la víctima colapse. Un defecto genético o congénito en la estructura del corazón es la causa de la falla. Es mortal en el 92 por ciento de los casos si no se trata adecuadamente en cuestión de minutos.

¿CUÁLES SON LOS FACTORES DE RIESGO Y LOS SIGNOS DE ADVERTENCIA DE SCA?

SCA a menudo no tiene señales de advertencia. De hecho, el primer síntoma podría ser la muerte. Los atletas (y a veces también sus padres) no quieren que pierda tiempo de juego, por eso evitan avisar a los padres o entrenadores si sienten síntomas porque esperan hasta que “simplemente desaparezcan.” O, piensan que están apenas fuera de forma y necesitan entrenar más duro. Los estudiantes atletas necesitan reconocer y buscar ayuda si se presentan algunas de las condiciones enumeradas a continuación.

Posibles indicadores de que un SCA esté a punto de ocurrir:

- Corazón acelerado/taquicardia, palpitaciones o latidos irregulares
- Mareos o sentirse a punto del desmayo
- Desmayo o incautación, especialmente al hacer o después de ejercicio
- Desmayos frecuentes o después de un sobresalto o mucha excitación
- Dolor en el pecho o incomodidad al hacer ejercicio
- Fatiga excesiva o inesperada o al hacer o después de ejercicio
- Excesiva dificultad para respirar al hacer ejercicio

Factores que incrementan el riesgo de que suceda un SCA:

- Historial familiar de anomalías cardíacas conocidas o muerte súbita antes de los 50 años
- Historial familiar específico de Síndrome del QT Largo, Síndrome de Brugada, Cardiomiopatía Hipertrófica o Displasia Arritmogénica del Ventrículo Derecho (DAVD)
- Familiares con desmayos inexplicables, incautaciones, que se ahogaron o casi se ahogaron, o accidentes automovilísticos
- Anomalías conocidas de la estructura del corazón, reparadas o no
- Uso de narcóticos, como la cocaína, inhalantes, drogas “recreativas” o bebidas energéticas excesivas

¿CÓMO SE PUEDEN DETECTAR LAS CONDICIONES DE SCA?

Examen Físico e Historia Médica. Antes de participar en el atletismo, se requiere que los estudiantes obtengan un examen físico y completen un historial médico. Este formulario hace preguntas sobre la historia familiar y las condiciones del corazón. El examen físico debe incluir escuchar el corazón.

Prueba de Detección del Corazón. Un electrocardiograma (ECG) es una herramienta de diagnóstico eficaz que detecta irregularidades. Un examen de ECG anormal puede conducir a otras pruebas como un ecocardiograma, prueba de estrés, monitor Holter y más.

SI PIENSA QUE SU HIJO HA EXPERIMENTADO CUALQUIER SÍNTOMAS DE SCA

Si su hijo/a ha experimentado cualquier síntoma relacionado con SCA, es crucial obtener atención de seguimiento tan pronto como sea posible con un médico de atención primaria. Si el atleta presenta cualquiera de los factores que incrementan el riesgo de que suceda un SCA, éstos también deben ser discutidos con un médico para determinar si se necesitan más pruebas. Espere recibir los comentarios del médico antes de que su hijo/a vuelva a jugar, y avise al entrenador, el preparador y la enfermera de la escuela acerca de cualquier condición diagnosticada.

El Código de Educación de California 33479. y el reglamento 503 de la Federación Interescolar de California (CIF por sus siglas en inglés) requiere la implementación de un protocolo de paro cardíaco repentino que ayuda a asegurar y proteger la salud de los estudiantes atletas:

Un estudiante que se ha desmayado o se desmaya al participar en o inmediatamente después de una actividad deportiva, o que se sabe que se ha desmayado o se desmayó al participar en o inmediatamente después de haber participado en una actividad atlética, será retirado de la participación en ese momento por el director atlético, entrenador, preparador atlético o persona autorizada. Un estudiante que es retirado del juego después de mostrar signos y síntomas asociados con un paro cardíaco repentino no se le puede permitir volver a participar en una actividad atlética hasta que el estudiante sea evaluado y autorizado para volver a participar por escrito por un médico y cirujano.

2020-21 PRESCRIPTION OPIOIDS INFORMATION SHEET
(Applicable Only for the Current School Year)

Prescription opioids may be used to help relieve moderate-to-severe pain and are often prescribed following a surgery or injury, or for certain health conditions. These medications can be an important part of treatment but also come with serious risks. It is important to work with your health care provider to make sure you are getting the safest, most effective care.

WHAT ARE THE RISKS AND SIDE EFFECTS OF OPIOID USE?

Prescription opioids carry serious risks of addiction and overdose, especially with prolonged use. An opioid overdose, often marked by slowed breathing, can cause sudden death.

The use of prescription opioids can have a number of **side effects** as well, even when taken as directed:

- Tolerance – meaning you might need to take more of a medication for the same pain relief.
- Physical dependence – meaning you have symptoms of withdrawal when a medication is stopped.
- Increased sensitivity to pain
- Constipation
- Nausea, vomiting, and dry mouth
- Sleepiness and dizziness
- Confusion
- Depression
- Low levels of testosterone that can result in lower sex drive, energy, and strength
- Itching and sweating

RISKS ARE GREATER WITH:

- History of drug misuse, substance use disorder, or overdose
- Mental health conditions (such as depression or anxiety)
- Sleep apnea
- Pregnancy

Avoid alcohol while taking prescription opioids. Also, unless specifically advised by your health care provider, medications to avoid include:

- Benzodiazepines (such as Xanax or Valium)
- Muscle relaxants (such as Soma or Flexeril)
- Hypnotics (such as Ambien or Lunesta)
- Other prescription opioids

KNOW YOUR OPTIONS

Talk to your health care provider about ways to manage your pain that don't involve prescription opioids. Some of these options **may actually work better** and have fewer risks and side effects. Options may include:

- Pain relievers such as acetaminophen, ibuprofen, and naproxen
- Some medications that are also used for depression or seizures
- Physical therapy and exercise
- Cognitive behavioral therapy, a psychological, goal-directed approach, in which patients learn how to modify physical, behavioral, and emotional triggers of pain and stress.

IF YOU ARE PRESCRIBED OPIOIDS FOR PAIN

- Never take opioids in greater amounts or more often than prescribed.
- Follow up with your primary health care provider
 - Work together to create a plan on how to manage your pain

- Talk about ways to help manage your pain that don't involve prescription opioids
- Talk about any and all concerns and side effects.
- Help prevent misuse and abuse.
 - Never sell or share prescription opioids
 - Never use another person's prescription opioids
- Store prescription opioids in a secure place and out of reach of others including visitors, children, friends, and family.
- Safely dispose of unused prescription opioids: Find your community drug take-back program or your pharmacy mail-back program, or flush them down the toilet, following guidance from the Food and Drug Administration (www.fda.gov/Drugs/ResourcesForYou).
- Visit www.cdc.gov/drugoverdose to learn about the risks of opioid abuse and overdose.
- If you believe you may be struggling with addiction, tell your health care provider and ask for guidance or call SAMHSA's National Helpline at 1-800-662-HELP.

Be Informed! Make sure you know the name of your medication, how much and how often to take it, and its potential risks and side effects.

2020-21 FORMULARIO DE RECETAS DE ESTUFICIENTES
(Aplicable solo para el año escolar actual)

Los opioides recetados se pueden usar para ayudar a aliviar el dolor moderado a severo y usualmente se recetan después de una cirugía o lesión, o para ciertas condiciones médicas. Estos medicamentos pueden ser una parte importante del tratamiento, pero también llevan riesgos graves. Es importante trabajar con su proveedor médico para asegurarse de que esté recibiendo la atención más segura y efectiva.

¿CUÁLES SON LOS RIESGOS Y EFECTOS SECUNDARIOS DEL USO DE ESTUFICIENTES?

Los opioides recetados llevan graves riesgos de adicción y sobredosis, especialmente con el uso prolongado. Una sobredosis de opioides recetados, marcada por respiración lenta, a menudo puede causar la muerte súbita.

El uso de opioides recetados también puede tener varios efectos secundarios, incluso cuando se toma según las indicaciones:

- Tolerancia - lo que significa que podría necesitar tomar más de un medicamento para el mismo alivio del dolor.
- Dependencia física –lo que significa que tiene síntomas de abstinencia cuando se suspende el uso de un medicamento.
- Mayor sensibilidad al dolor
- Estreñimiento
- Náuseas, vómitos y sequedad de boca
- Somnolencia y mareos
- Confusión
- Depresión
- Bajos niveles de testosterona que pueden resultar en un menor deseo sexual, energía y fuerza
- Comezón y sudoración.

LOS RIESGOS SON MAYORES CON:

- Historial de uso indebido de drogas, trastorno por uso de sustancias o sobredosis
- Condiciones de salud mental (como depresión o ansiedad)
- Apnea del sueño
- El embarazo

Evite el alcohol mientras esté tomando opioides recetados. Además, a menos que su proveedor médico lo indique específicamente, los medicamentos que debe evitar incluyen:

- Benzodiazepinas (como Xanax o Valium)
- Relajantes musculares (como Soma o Flexeril)
- Hipnóticos (como Ambien o Lunesta)
- Otros opioides recetados

CONOCE TUS OPCIONES

Hable con su proveedor de atención médica sobre formas de controlar su dolor que no impliquen opiodes recetados. Algunas de estas opciones **pueden funcionar mejor** y tener menos riesgos y efectos secundarios. Las opciones pueden incluir:

- Analgésicos como el paracetamol, ibuprofeno y naproxeno
- Algunos medicamentos que también se usan para la depresión o las convulsiones.
- Fisioterapia y ejercicio.
- Terapia cognitiva conductual, un enfoque psicológico orientado hacia el objetivo, en el que los pacientes aprenden cómo modificar los desencadenantes físicos, conductuales y emocionales del dolor y el estrés.

SI TIENES OPIOIDES PRESCRITOS PARA EL DOLOR

- Nunca tome opioides en cantidades mayores o con mayor frecuencia de lo recetado.
- Haga un seguimiento con su proveedor de atención médica
 - Trabajen juntos para crear un plan para el mantenimiento de su dolor
 - Hable sobre maneras de ayudar a controlar su dolor que no involucren opioides recetados
 - Hable acerca de todas y cada una de las preocupaciones y efectos secundarios.
- Ayude a prevenir el mal uso y abuso.
 - Nunca vender o compartir opioides recetados
 - Nunca use opioides de otra persona
- Guarde los opioides recetados en un lugar seguro y fuera del alcance de otros, incluyendo a los visitantes, los niños, los amigos y la familia.
- Deseche de forma segura los opioides recetados que no haya utilizado: encuentre el programa de devolución de medicamentos de la comunidad o el programa de devolución de medicamentos de su farmacia o deséchelos en el excusado siguiendo las instrucciones de la Administración de Medicamentos y Alimentos (www.fda.gov/Drugs/ResourcesForYou).
- Visite www.cdc.gov/drugoverdose para conocer los riesgos del abuso de opioides y la sobredosis.
- Si cree que puede estar luchando contra la adicción, infórmele a su proveedor de atención médica y solicite orientación o llame a la línea de ayuda nacional de SAMHSA al 1-800-662-HELP.

¡Manténgase informado! Asegúrese de saber el nombre de su medicamento, cuánto y con qué frecuencia debe tomarlo, y sus posibles riesgos y efectos secundarios.

Para más información visite: www.cdc.gov/drugoverdose/prescribing/guideline.html

DA VINCI SCHOOLS
2020-21 NOTICE REGARDING HOMELESS EDUCATION

Notification of these rights must be posted in places such as school enrollment areas, parent centers, shelters, food banks, laundromat, community agencies, and other places that parents and students may utilize.

The McKinney-Vento Homeless Assistance Act for Homeless Children and Youth entitles all homeless school-aged children to the same free and appropriate public education that is provided to non-homeless students. Every school district must appoint a liaison to assist these students.

A homeless student is defined as a person between the ages of birth (Early Head Start and Head Start Programs) and twenty-two (special education students) who lacks a *fixed, regular, and adequate* nighttime residence and may temporarily:

- Live in an emergency or transitional shelter; abandoned building, parked car, or other facility not designed as a regular sleeping accommodation for human beings;
- Live “doubled-up” with another family, due to loss of housing stemming from financial problems (e.g., loss of job, eviction, or natural disaster);
- Live in a hotel or motel;
- Live in a trailer park or campsite with their family;
- Have been abandoned at a hospital;
- Be awaiting foster placement in limited circumstances;
- Reside in a home for school-aged, unwed mothers or mothers-to-be if there are no other available living accommodations; or
- Be abandoned, runaway, or pushed out youth or migrant youth that qualifies as homeless because he/she is living in circumstances described above.

A homeless student has the right to attend either the *school of origin*, defined as the school that the student was last enrolled or attended when last housed or any school attended in the past fifteen (15) months; or the current school of residence. If a dispute arises over school selection or enrollment, the parent/guardian has the right to dispute the school’s decision by contacting the district’s homeless liaison at __ and following the district’s dispute resolution policy.

The law requires the immediate enrollment of homeless students, which is defined as “attending class and participating fully in school activities”. Schools cannot delay or prevent the enrollment of a student due to the lack of school or immunization records or other documentation usually required for enrollment. It is the responsibility of the district homeless liaison to refer parents to all programs and services for which the student is eligible. Referrals may include, but is not limited to: free nutrition, special education services, tutoring, English Language Learners programs, Gifted and Talented Education program, preschool, before and after school services or any other program offered by the school or district. The district shall ensure that transportation is provided, at the request of the parent/guardian/unaccompanied homeless youth, to and from the school of origin, if feasible.

Unaccompanied youth; such as teen parents not living with their parent or guardian or students that have runaway or have been pushed out of their homes, have access to these same rights.

A homeless student that transfers schools after the second year of high school, and is greatly deficient in credits may be able to graduate within four years with reduced state requirements. School districts are required to issue and accept partial credit for courses that have been satisfactorily completed.

2020-21 NOTIFICACIÓN CON RESPECTO A LA EDUCACIÓN SIN HOGAR

La Ley de Asistencia para “Personas sin un Hogar” de McKinney-Vento para Niños y Jóvenes sin un hogar da derecho a todos los niños de edad escolar sin un hogar a la misma educación pública gratuita y apropiada que se proporciona a los estudiantes con un hogar. Cada distrito escolar tiene que nombrar un coordinador para las personas sin un hogar para ayudar a estos estudiantes.

Un estudiante sin un hogar se define como una persona entre las edades de nacimiento (programas de Early Head Start y Head Start) a veintidós años de edad (para estudiantes de educación especial), que carecen de una residencia nocturna regular, adecuada, fija y podría temporalmente:

- Vivir en un refugio de emergencia o de transición; edificio abandonado, coche estacionado, u otra instalación que no está diseñada como lugar regular para dormir para los seres humanos;
- Vivir “junto” con otra familia, debido a la pérdida de vivienda derivada de problemas financieros (por ejemplo, pérdida de trabajo, desalojo o desastre natural);
- Vivir en un hotel o motel;
- Vivir en un parque de casas rodantes o en un campamento con su familia;
- Haber sido abandonado/a en un hospital;
- Estar en espera de un refugio adoptivo en circunstancias limitadas;
- Vivir en un hogar para madres solteras o futuras madres, de edad escolar, si no hay otra vivienda disponible; o
- Estar abandonado/a, haber huido del hogar o ser expulsado o ser un joven migrante que califica como sin hogar porque él/ella está viviendo en circunstancias descritas anteriormente.

Un estudiante sin un hogar tiene el derecho de asistir a la escuela, ya sea de origen, se define como la última escuela de inscripción o la última a la que asistió cuando tenía un hogar o cualquier otra escuela que haya asistido en los últimos quince (15) meses; o la escuela actual de residencia. Si surge una disputa sobre la selección o la inscripción escolar, el padre/tutor legal tiene el derecho de disputar la decisión de la escuela contactando al coordinador del distrito para las personas sin un hogar al _ y de acuerdo con la política disolución de disputas del distrito.

La ley exige la inscripción inmediata de los estudiantes sin un hogar, que se define como “asistir a clase y participar plenamente en las actividades escolares”. Las escuelas no pueden demorar o impedir la inscripción de un estudiante debido a la falta de registros de la escuela o de inmunización o cualquier otro documento usualmente requerido para la inscripción. Es responsabilidad del coordinador del distrito para las personas sin un hogar de referir a los padres a todos los programas y servicios para los cuales el estudiante califica. Las referencias pueden incluir, pero no se limitan a: la nutrición gratuita, servicios de educación especial, tutoría, programas para el aprendizaje del inglés, el programa de Educación para Dotados y Talentosos, preescolar, servicios para antes y después de la escuela o cualquier otro programa ofrecido por la escuela o el distrito. El distrito debe asegurar la transportación, a petición de los padres/tutores legales/joven solo sin un hogar, hacia y desde la escuela de origen, si es posible.

Los jóvenes no acompañados, tales como los padres adolescentes que no viven con sus padres o tutores legales o los estudiantes que han huido del hogar o los han expulsado fuera de sus hogares, tendrán acceso a los mismos derechos.

DA VINCI SCHOOLS
2020-21 INTERNET SAFETY FOR STUDENTS

GUIDANCE/ADVISORY: INTERNET SAFETY

Dear Parents and Guardians:

Da Vinci prides itself on providing a safe learning environment for its students. An emerging national concern is the inappropriate use of the Internet by students. This problem has the potential to be harmful, and we ask your support in assisting us with this challenge.

Across the nation, schools have seen an increase in negative student behavior as a result of messages written using electronic technology, posted to popular social networking Web sites. Many sites contain instant messaging components that allow students to chat with other students and to post statements that ordinarily would not be said in a face-to-face conversation.

The popularity of these Web sites seems to be growing. FaceBook.com, for example, is said to have millions of members and has become one of the most popular “message exchange” sites among students nationwide.

Unfortunately, some of these Web sites are being used by child predators, “cyber bullies,” and con artists. To our knowledge, there are no adults officially responsible for monitoring the content on such Web sites, and some students use the sites to participate in online bullying or to threaten harm to other students. The so-called “cyber bullies,” mostly children between the ages of 9 and 14, use the anonymity of the Web to hurt others without witnessing the consequences. Students who are bullied online sometimes do not report these occurrences for fear that they will be barred from using the Internet.

Outside of our schools, there have been instances of adults posing as youths and gaining access to student chat rooms. In some cases, these contacts have led to tragedy. Some unsuspecting students post enough personal information that predators are able to locate students’ home or school addresses, thereby becoming easy targets for predators.

Da Vinci has blocked the use of these social networking Web sites from our school computers. We will continue to block objectionable material as we deem appropriate.

Parents should be aware of what their children are writing on the Internet and what others are posting in reply. These Web sites are public domain, and anything posted there can be seen by anyone who has Internet access. Although most of what is written is not immoral, offensive, or illegal, some of it is. If you choose to do so, you may investigate this site by personally logging on to the site. The services are free, and users may register using an e-mail address. Once you have registered, you can search by name and e-mail address to see if your child is registered. You can narrow the search results by entering the name of your city. You will be able to view the kinds of personal information, messages, diaries, and photographs that students post to this Web site.

Helpful Tips and Resources

We encourage you to talk with your son or daughter about the potential danger of the Internet. Ask if they have an account with Facebook, Instagram, Snapchat, or similar Web sites. If your child is using such a site with your permission, you may want to review his or her profile to ensure that no personal and identifiable information has been posted.

We also encourage you to establish rules and guidelines to ensure the safety of your child while on the Internet. Some Web sites offer parental or family guidance for Internet safety; for example, SafeKids.com, located online at <http://www.safekids.com>, and Web Wise Kids, located online at <http://www.webwisekids.org>, by telephone at 866-WEB-WISE, or by e-mail at webwisekids2@aol.com.

Da Vinci Schools will continue to provide Internet security within our schools. It is important that parents also monitor Internet use at home.

Thank you for your support and cooperation in keeping our students safe. If you have questions or would like more information, please feel free to contact me at mwunder@davincischools.org.

2020-21 AVISO SEGURIDAD EN INTERNET PARA ESTUDIANTES

ORIENTACIÓN / ASESORAMIENTO: SEGURIDAD EN INTERNET

Estimados padres y tutores:

Escuelas DaVinci se enorgullece en proporcionar un ambiente seguro para sus estudiantes. Está surgiendo la preocupación en el ámbito nacional sobre el uso impropio del “Internet” por parte de los estudiantes. Este problema puede ser muy perjudicial, y por eso les pido que nos ayuden a enfrentarnos a este nuevo reto.

En todo el país, las escuelas han notado un aumento en el comportamiento negativo de los estudiantes como resultado de los mensajes escritos usando tecnología electrónica, colocados en los sitios Web de las redes sociales más populares. Muchos sitios tienen funciones de intercambio instantáneo de mensajes, lo que permite a los estudiantes charlar con otros estudiantes y también colocar mensajes que comúnmente no se dirían en una conversación cara a cara.

La popularidad de estos sitios Web parece estar en aumento. Se dice que el sitio *FaceBook.com*, por ejemplo, tiene millones de miembros y se ha convertido en el sitio más popular de intercambio de mensajes entre los estudiantes de todo el país.

Desafortunadamente, algunos de estos sitios Web son también utilizados por personas sin escrúpulos cuyas víctimas son niños, “ciberfanfarrones” y estafadores. Que sepamos, no hay ningún adulto oficialmente responsable de supervisar el contenido de estos sitios Web, y algunos estudiantes usan estos sitios para intimidar o amenazar a otros estudiantes. Los llamados “ciberfanfarrones” (*cyber-bullies*), la mayoría niños entre 9 y 14 años, usan el anonimato del Internet para lastimar a otros sin presenciar las consecuencias. Los estudiantes que son intimidados en Internet a veces no informan de estos sucesos por temor a que se les prohíba usar el Internet.

Han habido casos, fuera de nuestras escuelas, en que adultos se hacen pasar por niños y obtienen acceso a los cuartos de charla de los estudiantes. En algunas ocasiones, estos contactos han terminado en tragedia. Algunos estudiantes ingenuos exponen suficiente información personal y con estos datos algunas personas sin escrúpulos pueden localizar la dirección de su casa o la de la escuela, y de esta forma se convierten en víctimas fáciles.

Escuelas DaVinci ha obstruido el acceso a los sitios Web de las redes sociales en las computadoras de las escuelas. Vamos a continuar prohibiendo materiales ofensivos que consideremos no apropiados.

Los padres deberían de estar al tanto de lo que sus hijos escriben en el Internet y lo que otros les responden. Estos sitios Web son de acceso público, y todo lo que se escribe puede ser visto por cualquier persona en Internet. A pesar de que la mayor parte de lo que se escribe puede no ser inmoral, ofensivo o ilegal, hay parte que sí lo es. Puede usted investigar este sitio Web, si así lo desea, entrando en ese sitio. Los servicios son gratuitos, y el usuario se puede registrar utilizando una dirección de correo electrónico. Una vez que usted se registre, puede hacer una búsqueda por nombre y correo electrónico para ver si su hijo/a está registrado/a. También puede limitar la búsqueda escribiendo el nombre de su ciudad. Así podrá ver el tipo de información personal, mensajes, diarios y fotografías que los estudiantes colocan en este sitio Web.

Información y Recursos Útiles

Esperamos que usted hable con su hijo/a sobre el posible peligro del Internet. Pregúntele si tiene una cuenta con Facebook, Instagram, Snapchat, y otros sitios Web similares. Si su hijo/a está usando un sitio de este tipo con su permiso, tal vez quiera usted revisar la información expuesta para asegurarse que no haya datos personales ni que permitan la identificación.

También queremos animarle a establecer reglas y pautas para garantizar le seguridad de su niño/a en Internet. Algunos sitios Web ofrecen guía a los padres y a las familias sobre seguridad en el Internet; por ejemplo: *Safekids.com*, cuya dirección es <http://www.safekids.com>, y *Web Wise Kids*, cuya dirección es <http://www.webwisekids.org> y su teléfono: 866-WEB-WISE, o su dirección de correo electrónico: webwisekids2@aol.com.

Da Vinci continuará ofreciendo seguridad en el Internet en nuestras escuelas. También es importante que los padres supervisen el uso de Internet en la casa.

Gracias por su apoyo y cooperación para proteger a nuestros estudiantes. Si tiene alguna pregunta o le gustaría obtener más información, por favor póngase en contacto con nosotros: Dr. Matt Wunder-mwunder@davincischools.org.

Atentamente,

Dr. Matt Wunder

COLLEGE ADMISSION REQUIREMENTS AND HIGHER EDUCATION INFORMATION

The State of California offers community colleges, California State Universities (CSU), and Universities of California (UC) for students who wish to continue their education after high school.

To attend a community college, you need only a high school diploma or equivalent, or be over the age of 18. To attend a CSU, you have to take specific high school courses, have the appropriate grades and SAT/ACT test scores, and have graduated from high school. Test scores are not required if your GPA is 3.0 or above, and you applied to a campus or enrollment category that is not impacted. To attend a UC, you must meet requirements for coursework, GPA, and test scores. If you are a California student who has not been admitted to UC campus to which you have applied, you will be offered a spot at another campus if space is available and you rank in the top 9 percent of California high school students or of your graduating class at a participating high school. You may also transfer to a CSU or UC after attending a community college. For more information on college admission requirements, please refer to the following webpages:

www.californiacommunitycolleges.cccco.edu – This is the official website of the California Community College system. It offers links to all the California Community Colleges.

<https://www2.calstate.edu/> – This extensive online site offers assistance to students and their families on the CSU system, including the ability to apply online, and links to all CSU campuses.

www.universityofcalifornia.edu – This massive website offers information regarding admissions, online application, and links to all UC campuses.

www.assist.org – This online student-transfer information system shows how course credits earned at one public California college or university can be applied when transferred to another.

Students may also explore career options through career technical education. These are programs and classes offered by a school that are specifically focused on career preparation and/or preparation for work. The programs and classes are integrated with academic courses and support academic achievement. Students can learn more about career technical education by referring to the following webpage: www.cde.ca.gov/ci/ct/gi/.

You may meet with a school counselor to choose courses at your school that will meet college admission requirements or enroll in career technical education courses, or both.
