DA VINCI RISE HIGH SCHOOL

A progressive high school focused on meeting the unique needs of youth navigating foster care, housing instability, probation, and/or other circumstances that have caused disruptions in their academic journeys.

RISE HIGH PILLARS

Flexible Scheduling: Attendance is based on work completed, not time spent in class; each student receives an individualized schedule that works for them & their needs.

Advisory Communities: Weekly 1:1 support with advisors, teachers, and peer advisors.

Individualized Student Learning Plans

Hybrid Learning Experience: Online learning platform + in-person instruction.

Competency-Based: Students' skills are assessed and they focus on the skills in which they need further practice and instruction. Students do not have to repeat an entire class if they do not understand part of the material; rather, they can focus on the skills/competencies they have not yet mastered.

Project-Based: Students apply the skills and knowledge they learn to real-world scenarios by designing projects that bring their learning to life.

Weekly Extracurricular Enrichment Opportunities

Jobs, Internships, & Career-Readiness: Students who are interested will be connected to industry partners for jobs and internships that expose them to a variety of future career options.

Holistic Wraparound Services: RISE High partners with A Place Called Home to provide wraparound support to meet students' unique needs.

Culturally-Relevant Curriculum & Instruction

"Da Vinci RISE High seeks to teach students to care for themselves and others, connect to the real world outside of the classroom, challenge themselves and the systems around them, and create a better future for those to come."
