Our beautiful new campus at
550 Continental Blvd. in El Segundo
combines the best of what college and workplace
settings can offer!

PROGRAM COMPONENTS

Dual Enrollment

Students begin their college journey in 9th grade and gain valuable workforce skills through project based learning. Through partnerships with ASU and SNHU, students can access free college courses with high transferability and have the opportunity to earn an AA or Bachelor's degree. FREE COLLEGE - all at no cost to families!

Hybrid Learning

Students spend two days per week learning on campus and three days per week at home -- or anywhere. Optional extra day on campus available for asynchronous support.

Career-Connected Learning

Students gain workforce skills through real-world, project-based learning that connects their education to the world outside of school. Optional extra day at Belkin through Portal Learning allows students to engage with 15+ employer partners across a wide range of industries. Students have the opportunity to start building their portfolio before leaving high school.

PROGRAM COMPONENTS

Financial Literacy

Da Vinci has partnered with Bridging the Gap Enterprises to bring financial literacy curriculum to all Connect students. Students will learn about managing credit, debt, budgeting, investing, building generational wealth and more.

Social Emotional Learning

Students need to be known, seen and heard to thrive as learners. Connect is known for its diverse, inclusive and nurturing staff, students and families!

Rivet School with Da Vinci

For students who wish to earn an AA or Bachelor's degree from SNHU and need time beyond 12th grade, Rivet School is an exciting option to complete a career-focussed AA or BA through SNHU. This option is offered free to Da Vinci students.
